

2006 RULES & REGULATIONS

u s a s w i m m i n g . o r g

MAJOR LEGISLATION AND RULE CHANGES FOR 2006

1. Rule 101.1 was revised to allow a butterfly kick in conjunction with or following the first arm pull at the start or at the turn of the breaststroke. In addition, all movements of the legs must be simultaneous and in the same horizontal plane. (effective 9-21-05)
2. Rule 101.3 was revised to permit the feet to be above the surface of the water at the start of the backstroke. Standing in or on the gutter or bending the toes over the lip of the gutter before or after the start is still prohibited. (effective 9-21-05)
3. Article 207 has been re-ordered. (effective 1-1-06)
4. Significant changes were made to Part 5. (effective 1-1-06, except for shaded sections which become effective at the 2006 House of Delegates meeting)

DOPING CONTROL

All athletes should check the status of all medications they plan to take PRIOR to taking them. This includes Over the Counter and Prescription medications. It is the responsibility of the athlete to ensure that no prohibited substance enters his/her system.

The United States Anti-Doping Agency (USADA) offers a Drug Reference Line (1-800-233-0393) and a Drug Reference Online (www.usantidoping.org/dro) where athletes, coaches, parents and medical professionals may check to ensure that proper documentation is on file for their medications and that they are consuming medications that are permitted.

To comply with the World Anti-Doping Code, FINA, USOC and USADA have all amended their anti-doping rules. The current rules are available at the offices of USA Swimming or may be found online at the following websites:

USOC	www.usoc.org

PART ONE

TECHNICAL RULES

Except as otherwise noted, all provisions under Part One, the Technical Rules, are effective beginning May 15, 2006, and until changed. Rules in effect on the first day of a meet shall govern throughout that meet.

All competitive swimming events held under USA Swimming sanction shall be conducted in accordance with the following rules that are designed to provide fair and equitable conditions of competition and promote uniformity in the sport so that no swimmer shall obtain unfair advantage over another.

It is recommended that the LSC and regional short course and long course championships be held annually and that they be conducted under the rules governing national championships (Article 207), subject to available facilities and personnel. Events other than such championships may use Article 207 as a guide, subject to local conditions and preferences.

It is not the purpose of the Rules and Regulations of USA Swimming (the national governing body) contained herein to set standards of care for the safety of the swimmer. The swimmer, the swim coach, the swim club and the local public entity or pool owner should address safety considerations where events are held.

ARTICLE 101

INDIVIDUAL STROKES AND RELAYS

101.1 BREASTSTROKE (effective 09-21-05)

- .1 **Start** — The forward start shall be used.
- .2 **Stroke** — From the beginning of the first arm stroke after the start and after each turn, the body shall be kept on the breast. It is not permitted to roll onto the back at any time. Throughout the race the stroke cycle must be one arm stroke and one leg kick in that order.

All movements of the arms shall be simultaneous and in the same horizontal plane without alternating movement.

The hands shall be pushed forward together from the breast on, under, or over the water. The elbows shall be under water except for the final stroke before the turn, during the turn and for the final stroke at the finish. The hands shall be brought back on or under the surface of the water. The hands shall not be brought back beyond the hip line, except during the first stroke after the start and each turn.

During each complete cycle, some part of the swimmer's head shall break the surface of the water. After the start and after each turn, the swimmer may take one arm stroke completely back to the legs. The head must break the surface of the water before the hands turn inward at the widest part of the second stroke.

- .3 **Kick** — After the start and each turn, a single downward butterfly kick followed by a breast-

101.1

stroke kick is permitted while wholly submerged. Following which, all movements of the legs shall be simultaneous and in the same horizontal plane without alternating movement.

The feet must be turned outwards during the propulsive part of the kick. A scissors, flutter or downward butterfly kick is not permitted except as provided herein. Breaking the surface of the water with the feet is allowed unless followed by a downward butterfly kick.

- .4 **Turns and Finish** — At each turn and at the finish of the race, the touch shall be made with both hands simultaneously at, above, or below the water level. The head may be submerged after the last arm pull prior to the touch, provided it breaks the surface of the water at some point during the last complete or incomplete cycle preceding the touch.

101.2 BUTTERFLY

- .1 **Start** — The forward start shall be used.
- .2 **Stroke** — After the start and after each turn, the swimmer's shoulders must be at or past the vertical toward the breast. The swimmer is permitted one or more leg kicks, but only one arm pull under water, which must bring the swimmer to the surface. It shall be permissible for a swimmer to be completely submerged for a distance of not more than 15 meters (16.4 yards) after the start and after each turn. By that point, the head must have broken the surface. The swimmer must remain on the surface until the next turn or finish. From the beginning of the first arm pull, the body shall be kept on the breast. Both arms must be brought forward over the water and pulled back simultaneously.
- .3 **Kick** — All up and down movements of the legs and feet must be simultaneous. The position of the legs or the feet need not be on the same level, but they shall not alternate in relation to each other. A scissors or breaststroke kicking movement is not permitted.
- .4 **Turns** — At each turn the body shall be on the breast. The touch shall be made with both hands simultaneously at, above, or below the water surface. Once a touch has been made, the swimmer may turn in any manner desired. The shoulders must be at or past the vertical toward the breast when the swimmer leaves the wall.
- .5 **Finish** — At the finish, the body shall be on the breast and the touch shall be made with both hands simultaneously at, above, or below the water surface.

101.3 BACKSTROKE (effective 09-21-05)

- .1 **Start** — The swimmers shall line up in the water facing the starting end, with both hands placed on the gutter or on the starting grips. Standing in or on the gutter, placing the toes above the lip of the gutter, or bending the toes over the lip of the gutter, before or after the start, is prohibited.
- .2 **Stroke** — The swimmer shall push off on his back and continue swimming on the back throughout the race. Some part of the swimmer must break the surface of the water throughout the race, except it is permissible for the swimmer to be completely submerged during the turn, at the finish and for a distance of not more than 15 meters (16.4 yards) after the start and after each turn. By that point, the head must have broken the surface of the water.
- .3 **Turns** — Upon completion of each length, some part of the swimmer must touch the wall. During the turn the shoulders may be turned past the vertical toward the breast after which a continuous single arm pull or a continuous simultaneous double arm pull may be used to execute the turn. The swimmer must have returned to a position on the back upon leaving the wall.
- .4 **Finish** — Upon the finish of the race, the swimmer must touch the wall while on the back.

101.4 FREESTYLE

- .1 **Start** — The forward start shall be used.
- .2 **Stroke** — In an event designated freestyle, the swimmer may swim any style, except that in a medley relay or an individual medley event, freestyle means any style other than butterfly, breaststroke or backstroke. Some part of the swimmer must break the surface of the water throughout the race, except it shall be permissible for the swimmer to be completely submerged during the turn and for a distance of not more than 15 meters (16.4 yards) after the start and each turn. By that point the head must have broken the surface.
- .3 **Turns** — Upon completion of each length the swimmer must touch the wall.
- .4 **Finish** — The swimmer shall have finished the race when any part of his person touches the wall after completing the prescribed distance.

101.5 INDIVIDUAL MEDLEY — The swimmer shall swim the prescribed distance in the following order: the first one-fourth, butterfly; the second one-fourth, backstroke; the third one-fourth, breaststroke; and the last one-fourth, freestyle.

- .1 **Start** — The forward start shall be used.
- .2 **Stroke** — The stroke for each one-fourth of the designated distance shall follow the prescribed rules for that stroke.
- .3 **Turns**
 - A Intermediate turns within each stroke shall conform to the turn rules for that stroke.
 - B The turns when changing from one stroke to another shall conform to the finish rules for the stroke just completed, and shall be as follows:
 - (1) **Butterfly to backstroke** — The swimmer must touch as described in 101.2.5. Once a legal touch has been made, the swimmer may turn in any manner, but the shoulders must be at or past the vertical toward the back when the swimmer leaves the wall.
 - (2) **Backstroke to breaststroke** — The swimmer must touch the wall while on the back. Once a legal touch has been made, the swimmer may turn in any manner but the shoulders must be at or past the vertical toward the breast when the swimmer leaves the wall and the prescribed breaststroke form must be attained prior to the first arm stroke.
 - (3) **Breaststroke to freestyle** — The swimmer must touch as described in 101.1.5. Once a legal touch has been made, the swimmer may turn in any manner.
- .4 **Finish** — The swimmer shall have finished the race when any part of his/her person touches the wall after the prescribed distance.

101.6 RELAYS

- .1 **Freestyle Relay** — Four swimmers on each team, each to swim one-fourth of the prescribed distance using any desired stroke(s). Freestyle finish rules apply.
- .2 **Medley Relay** — Four swimmers on each team, each to swim one-fourth of the prescribed distance in the following order: first, backstroke; second, breaststroke; third, butterfly; and fourth, freestyle. Rules pertaining to each stroke used shall govern where applicable. At the end of each leg, the finish rule for each stroke applies in each case.

.3 Rules Pertaining to Relay Races

- A No swimmer shall swim more than one leg in any relay event.
- B When automatic relay take-off judging is used, each swimmer must touch the touchplate or pad in his/her lane at the end of the course to have finished his/her leg of the relay race.
- C In relay races a swimmer other than the first swimmer shall not start until his/her teammate has concluded his/her leg.
- D Any relay team member and his/her relay team shall be disqualified from a race if a team member other than the swimmer designated to swim that leg enters the pool in the area where the race is being conducted before all swimmers of all teams have finished the race. Exception: When an in-the-water start is required or such start is approved by the Referee.
- E Each relay team member shall leave the water immediately upon finishing his/her leg, except the last member.
- F In relay races the team of a swimmer whose feet have lost touch with the starting platform (ground or deck) before his/her preceding teammate touches the wall shall be disqualified.
- G In relay races involving in-the-water starts, the team of a swimmer who has lost touch with the end of the course before his/her preceding teammate touches the wall shall be disqualified, unless the swimmer in default returns to the original starting point at the wall.

Places, awards, and published results for these events may be separate for each age group and gender.

102.2 ENTRIES - GENERAL RULES

- .1 In order to compete in a meet a swimmer must be entered in compliance with the event entry requirements stated in the meet announcement.
- .2 In a preliminaries and finals meet a swimmer may compete in not more than three (3) individual events per day.
- .3 In a timed finals meet a swimmer may compete in not more than five (5) individual events per day.
- .4 If, due to conditions beyond the meet officials' control (e.g., a thunderstorm), an event or events are postponed to a subsequent day of the meet, such postponed events shall not be included in the above events-per-day limitations.
- .5 In a meet where a combination of preliminary and final events and timed finals are scheduled, a swimmer may compete in not more than three (3) individual events per day, unless entered exclusively in timed final events that day.

102.2

- .6 The above limitations on individual events apply regardless of the classification mixture or if separate meets or time trials are being conducted. These, and additional limitations on entries which may be established by the LSC's sanction or approval, shall be clearly stated in the meet announcement.
- .7 In a mixed classification meet a swimmer may enter the same stroke and distance individual event in an age group and any other classification, provided the limit of events per day for the type of meet is not exceeded. The same entry time must be used for all repetitive entries.
- .8 If a meet or an event has no qualifying time standards, a swimmer who has no official time for an event may enter that event with no submitted time.

102.3 SCRATCH PROCEDURES — Each swimmer shall become informed of the meet starting time and shall report to the proper meet authorities promptly upon call. Meet announcements and advance information shall specify check-in and scratch procedures for individual and relay events and penalties for violation of those procedures.

102.4 RELAYS

- .1 Relay teams shall not compete unattached. In all cases relay teams must be composed of USA Swimming members of the same club, school or organization which is a member of USA Swimming. This requirement does not apply to relay teams representing an LSC at a Zone meet, or teams competing at the Olympic Festival and similar USA Swimming sanctioned or approved meets.
- .2 Relays may be conducted on a timed final basis or with preliminaries and finals.
- .3 Organizations entering two or more relay teams in an event shall designate them on the entry blank as Team A, Team B, etc.
- .4 The best time of each relay team shall be entered on the entry blank for seeding purposes and no change in time will be permitted.
- .5 First and last names of swimmers eligible to compete in relay events shall be entered in accordance with the meet information.
- .6 The composition of a relay team may be changed between preliminaries and finals, except that all members competing on a relay team disqualified during preliminaries shall be barred from further competition in that event.
- .7 First and last names of eligible relay swimmers, their ages, and order of swimming shall be submitted on a Relay Entry form to the clerk of course (if used) or to the head lane timer. Any changes in names of the competing swimmers or their order of swimming must be declared to the Head Lane Timer prior to the start of the heat in which such relay team is entered. No changes will be permitted thereafter.
- .8 The competing teams, first and last names of members and their ages, must be listed in the meet results.

102.5 LANE ASSIGNMENTS — SEEDING — COUNTERS — ORDER OF HEATS

- .1 **Preliminary Heats When Finals are Scheduled** — In order to assure seeded positions, the best competitive times of all entries must be submitted. These times shall be assembled (listed) by the meet committee with the fastest swimmer first and the slowest swimmer last. Swimmers whose submitted times are identical should be assigned places in the list by draw.

Swimmers with no submitted times shall be considered the slowest and shall be placed at the end of the list by draw. Swimmers shall be seeded in lanes under the procedure outlined for finals seeding in 102.5.3. Swimmers shall be seeded in heats according to submitted times in the following manner:

- A Fewer than three heats**
- (1) If one heat, it may be seeded as a final heat and swum only during the final session, at the Referee's discretion.
 - (2) If two heats, the fastest swimmer shall be seeded in the second heat, next fastest in the first heat, next fastest in the second heat, next in the first heat, next in the second heat, next in the first heat, etc.
- B Three heats** — The fastest swimmer shall be placed in the third heat, next fastest in the second, next in the first. The fourth fastest swimmer shall be placed in the third heat, the fifth in the second heat, and the sixth fastest in the first heat, the seventh fastest in the third heat, etc.
- C Four heats or more** — The last three heats of an event shall be seeded in accordance with B above. The heat preceding the last three heats shall consist of the next fastest swimmers; the heat preceding the last four heats shall consist of the next fastest swimmers, etc. Lanes shall be assigned in descending order of submitted times within each heat, in accordance with the pattern outlined in 102.5.3.
- D Exception** — When there are two or more heats in an event, there shall be a minimum of three swimmers seeded into any one preliminary heat, but subsequent scratches may reduce the number of swimmers in such heat to less than three.
- .2 Swim-Offs** — A swim-off is considered to be part of the total preliminary process of qualifying for the finals. In no case may a swimmer with a faster time displace another who placed ahead of him within a heat as the result of a decision by the referee or place judges in accordance with Section 102.16.6. If this situation results in disputed qualifications, all swimmers having times tied or within the disputed times shall swim-off to qualify for the disputed place or places in the final. The swim-off shall be timed and judged in the same manner as the original event unless a subsequent timing system malfunction requires that an adjustment be made. The official time for the swimmers involved shall be the time set in the original preliminary heat. This elimination may be held at any time set by the Referee, but not more than 45 minutes after the last heat of any event in which any one of these swimmers is competing in that session. In the case of a disqualification in a swim-off the swimmer so disqualified is relegated to the lowest qualifying position for which he/she is competing. Disqualification in a swim-off for a qualifying position in the A (championship) finals shall not eliminate a swimmer from eligibility to compete in the accompanying B (consolation) finals. If disqualifications leave a vacancy for the full complement of finalists, swim-offs shall be continued among the disqualified swimmers until a full complement of finalists is assured.

Note: It shall be the swimmer's responsibility to become acquainted with information pertaining to swim-offs, final events and the participants therein.

- .3 Finals** — In finals, the times to be considered are those times made in preliminary heats. If any qualifying swimmers have the same time their respective lanes shall be determined by draw. Lane assignments shall be made in descending order of qualifying times by placing the fastest swimmer or team in the center lane in a pool with an odd number of lanes, or in lanes

102.5

3, 4, or 5 respectively in pools having 6, 8, or 10 lanes. The swimmer having the next fastest time is to be placed in the lane to the left, then alternating the other swimmer(s) to the right and left in accordance with the submitted times. (see chart below.)

										Lanes in Pool
				4	2	1	3	5		5
			6	4	2	1	3	5		6
		6	4	2	1	3	5	7		7
	8	6	4	2	1	3	5	7		8
	8	6	4	2	1	3	5	7	9	9
10	8	6	4	2	1	3	5	7	9	10
10	9	8	7	6	5	4	3	2	1	< Lane

.4 Timed Finals

A **Heats** — In order to assure seeded positions, the best competitive times of all entries must be submitted. The last heat shall be composed of the swimmers with the fastest submitted times, the next to last heat composed of the next fastest swimmers, etc. Lanes shall be assigned in descending order of submitted times within each heat, in accordance with the pattern outlined in .3 above. When there are two or more heats there shall be a minimum of three swimmers or relay teams seeded into the first heat. The last heat should be a full heat, but the requirement of seeding three swimmers or relay teams into the first heat may result in failure to fill the last heat.

B **Places** — In timed finals, places shall be determined on a time basis, subject to the order of finish within each heat and based upon the ranking system used at the meet. Any ties resulting from the procedure used shall be declared officially tied for awards and points, with no further attempt at resolution.

.5 **Seeding of 50 meter events in a 50 meter course** — 50 meter events swum in a 50 meter course shall be seeded as provided above. If the event is started at the turning end of the course, no change in the lane numbering shall be made, i.e., the lanes shall be numbered the same on both ends of the course.

.6 Counters

A A swimmer in any individual freestyle event 16 lengths or more may appoint one counter to call lengths or indicate lengths by visual sign.

B Verbal counters shall be limited to one per swimmer and shall be stationed at the end of the course opposite the starting end. They may use watches and signal intermediate times to the swimmer.

C If visual counters are used, they may be stationed at the end or either side of the pool, beyond the halfway point toward the end of the course opposite the starting end. Visual counters may be lowered into the water at the end of the swimmer's lane, provided that, in the opinion of the Referee, they neither physically aid the swimmer or interfere with another competitor or present any safety hazard.

D The count may be in ascending or descending order.

- E In the event of official or counter error it is the responsibility of the swimmer to complete the prescribed distance.

.7 Order of Heats

- A Preliminary Heats and Timed Finals — The normal order of heats may be reversed by swimming the fastest heats first. Women's and men's heats may be alternated.
- B Finals — The order of heats during the finals of a preliminaries and finals meet may be reversed, with the B and C (consolation and bonus) heats, if any, swum following the A (final) heat. In the event of scratches, the empty lanes may be filled by moving the swimmers up in order from the slower heats and by using the available alternates in the slowest heat without reseeding the heats.
- C All above changes in the order of heats shall be stated in the meet information.

102.6 AWARDS — When two or more swimmers tie for any place, duplicate awards shall be given to each of such tied swimmers. In such cases no awards shall be given for the place or places immediately following the tied positions. If two tie for 1st place, no award for 2nd place; if three tie for 1st place, no awards for 2nd or 3rd, and so on.

These point values shall be stated in the meet information.

102.7

- .5 **Ties** — Where two or more swimmers tie for any place in any event the points credited to such place or places, if any, next in order shall be equally divided between such swimmers; i.e., if two tie for first place, the points to be credited to first place and the points to be credited to second place shall be added and divided one-half and one-half. If three tie for first place, the points credited to first, second and third places shall be added and divided one-third, one-third and one-third, and so on for four or more tying for first place. The same is true for those tying for second place, third place, and whatever places there may be.
- .6 **Disqualifications** — When a relay team or individual swimmer is disqualified, the subsequent places will move up accordingly and points shall be awarded to conform to the new places. Consolation finalists shall not receive championship final placing. Alternates shall not receive consolation final placing.

102.8 CHANGE OF PROGRAM AND POSTPONEMENT

- .1 The order of events, as stated in the meet announcement, shall not be changed. The announced arrangement of heats in any event shall not be added to or altered, except by the authority of the Referee, to the extent of consolidating the heats.
- .2 At the Meet Referee's discretion, events may be combined by age, gender, distance, and/or stroke provided there is at least one empty lane between such combined events.
- .3 The entry provisions and starting time of any event, meet or portion thereof shall stand as stated in the meet announcement (except as permitted under .4 below) and may not be changed to an earlier time or date unless written notice of such change is delivered to each affected swimmer or his/her coach. If mailed, such notice must be postmarked no later than the entry deadline date stated on the meet announcement, and if lack of time prohibits mail notification, each affected swimmer must voluntarily agree in writing that they has been notified and is in accord with such change. Any affected swimmer or their coach may and should file a written protest with the Referee prior to running of event or meet if they do not agree to such change in time or date.
- .4 **Postponement or Cancellation**
 - A If, prior to its commencement, unusual or severe weather or other conditions preclude the possibility of safely and effectively conducting a meet or an event, the meet committee may cancel or postpone it.
 - B Should a meet or event have actually commenced, and in the judgment of the Referee cannot safely and effectively continue because of weather conditions, or for some other compelling reason, the Referee, in his/her sole discretion, may suspend the meet or event until conditions warrant continuance. If circumstances do not warrant continuance, the Referee may cancel the meet or event, or postpone it to a future date or time, with the approval of the meet committee.
 - C A decision to cancel or postpone shall be final.
 - D Should an event have actually commenced but is terminated prior to an official finish, and is postponed to another time or date, it shall then be conducted between the swimmers who were officially competing in the event at the time of the termination.
 - E Entry fees for teams or swimmers may be refunded, in whole or part, at the discretion of the meet committee, upon cancellation of a meet or particular event. The decision of the meet committee on refunding may be appealed to the LSC Review Section for hearing under the provisions of Article 401.

102.9 SWIMWEAR

- .1 **Design** — The swimsuits worn for competition must be non-transparent and conform to the current concept of the appropriate. The Referee shall have authority to bar offenders from competition until they comply with this rule.
- .2 **Insignia** — Swimmers may wear the insignia and/or name of the club or organization they represent or of which they are a member and the insignia of their FINA National Federation or Organizing Committees for Olympic, World, Continental or Regional Championships, except as otherwise provided in 202.6.3 for international competition and in FINA rules GR6 and GR7. Swimmers shall not be allowed to wear the insignia and/or name of any club or organization which they are not entitled to represent in open competition, if such action is objectionable to that club or organization.
- .3 **Advertising**
 - A In the competition venue or complex of all events conducted by and under the control of USA Swimming or any LSC or division thereof, no swimsuit shall carry any visible marque or insignia in the form of advertising (except design or trademarks of members or Organizing Committees for Olympic, World, Continental and Regional Championships) other than the trademark on technical equipment or clothing, that is in excess of 16 sq. cm. (2.48 sq. in.) in area. A trademark may be repeated provided a name is used only once on a suit. Offenders may be barred from competition, until they comply with this rule.
 - B Products involving tobacco, alcohol or pharmaceuticals containing drugs banned under IOC or FINA rules may not be advertised under .3A above, but the advertiser's name only may be used.

102.10 DISQUALIFICATIONS

- .1 A disqualification can be made only by the official within whose jurisdiction the infraction has been committed. Except for the relay take-off judges when dual confirmation relay take-off judging, as provided in 102.15.6B, is used, the Referee, stroke, turn, or relay take-off judge upon observing an infraction, shall immediately raise one hand overhead. If the official does not do so, there shall be no disqualification unless the Program Operations Vice President has directed that the meet be conducted under FINA procedures.
- .2 The Referee or designated official making a disqualification shall make every reasonable effort to seek out the swimmer or his/her coach and inform him/her as to the reason for the disqualification.
- .3 Any swimmer who acts in an unsportsmanlike or unsafe manner within the swimming venue may be considered for appropriate action or penalty by the referee.
- .4 A swimmer must start and finish the race in the same lane.
- .5 Standing on the bottom during a freestyle race shall not disqualify a swimmer, but a swimmer must not leave the pool, or walk, or spring from the bottom. Standing on the bottom during any other stroke shall result in disqualification.
- .6 Obstructing another swimmer by swimming across or otherwise interfering shall disqualify the offender, subject to the discretion of the Referee.
- .7 Any swimmer not entered in a race who enters the pool or course in the area in which said race is being conducted before all swimmers therein have completed the race shall be barred

102.10

from the next individual event in which that swimmer is entered on that day or the next meet day, whichever is first.

- .8 Dipping goggles in the water or splashing water on the competitor's face or body prior to an event shall not be considered as entering the pool unless the Referee finds that such action is interfering with the competition.
- .9 Should a foul endanger the chance of success of a swimmer(s), the Referee may allow the affected competitor(s) to reswim the event. In case of collusion to foul another swimmer, the Referee may, at his/her discretion, disqualify the swimmer for whose aid the foul was committed, as well as the swimmer doing the fouling.
- .10 No swimmer is permitted to wear or use any device or substance to help his/her speed, pace or buoyancy during a race. Goggles may be worn, and rubdown oil applied if not considered excessive by the Referee.
- .11 Grasping lane dividers to assist forward motion is not permitted.
- .12 For relay disqualifications, refer to 101.6.3.
- .13 The time and/or place of any swimmer or relay team disqualified either during or following an event shall not be recorded in the results of that event. If awards have been made prior to the decision to disqualify they shall be returned and made to the proper recipient(s) and if points have been scored by those disqualified the event shall be rescored.
- .14 Time and/or place officially recorded for a swimmer shall not be nullified for violations occurring subsequent to such performance.

102.11 PROTESTS

- .1 Protests against the judgment decisions of starters, stroke, turn, place and relay take-off judges can only be considered by the Referee and the Referee's decision shall be final.
- .2 For consideration of all other protests lodged at the meet, the Referee may appoint a meet jury. The jury shall consist of not fewer than three (3) and not more than five (5) persons, at least one of whom shall be a coach and one an athlete.
- .3 Protests made prior to the race contesting the eligibility of a swimmer to compete or to represent an organization shall be made to the Referee in writing. If a protest is not resolved, the Referee or the meet jury shall allow the swimmer to compete under protest and it shall be so announced before the race.
- .4 All other competition-related protests, including protests concerning eligibility and representation, must be made to the Referee and submitted in writing within 30 minutes after the race in which the alleged infraction occurred.
- .5 Except as provided in 102.11.1, the Referee's or the meet jury's ruling may be appealed as follows:
 - A Protests concerning interpretation of the rules in Part One and Part Seven of the USA Swimming Rules and Regulations shall be submitted in writing within ten (10) days to the Chairman of the USA Swimming Rules & Regulations Committee who shall issue a ruling within five (5) days from the date of the receipt of such protest. This ruling shall be final and binding on all parties.
 - B All other protests, together with the Referee's or the jury's written decision, shall be submitted to the General Chairman, or designee, of the sanctioning LSC or, in the case of a

national championship or trials class meet, to the National Board of Review, in accordance with the Hearings and Appeals Section of the USA Swimming Rules and Regulations.

- .6 The official results of any protested race shall not be announced, the affected awards shall not be given, and points scored shall not be allocated until the protest is resolved or is withdrawn in writing.

102.12 OFFICIALS

- .1 All officials accepting an invitation to officiate at a swimming meet should arrive promptly and report immediately to the meet director or meet referee.
- .2 All officials acting in the capacity of Referee, Starter, or Stroke and/or Turn Judge at a swimming meet shall be certified in such position by their LSC prior to being assigned to officiate in that capacity. Uncertified trainees may perform the duties of such positions when they are under the direct supervision of a certified official. See 202.3.3 for USA Swimming membership requirements.
- .3 For all swimming meets or time trials except dual meets there should not be fewer than the following officiating positions filled or approved by the LSC in authority. Officials other than the Referee may act in more than one officiating capacity only when sufficient qualified officials are not available, but no one may simultaneously time and judge the order of finish.

102.13 REFEREE

- .1 Shall have full authority over all officials and shall assign and instruct them; shall enforce all applicable rules and shall decide all questions relating to the actual conduct of the meet, the final settlement of which is not otherwise assigned by said rules; can overrule any meet official on a point of rule interpretation, or on a judgment decision pertaining to an action which the Referee has personally observed.
- .2 The Referee has the authority to disqualify a swimmer(s) for any violation of the rules that the Referee personally observes and, except for false starts, shall at the same time raise one hand overhead. If the Referee does not make such a signal there shall be no penalty.
- .3 Shall signal the starter that all officials are in position, that the course is clear, and that the competition can begin, before each race; shall assign marshals with specific instructions.
- .4 Shall give a decision on any point where the opinions of the judges differ; shall have authority to intercede in a competition at any stage, to ensure that the racing conditions are observed.
- .5 For LSC and local records only, may assign three (3) additional official timers on request to record a record attempt at initial distances in accordance with 102.16 and 104.2.1 D.
- .6 When automatic or semi-automatic officiating equipment is used and an apparent malfunction occurs it shall be his/her responsibility to make an immediate investigation to determine whether the swimmer finished in accordance with the rules and/or if there was an actual equipment malfunction.
- .7 May prohibit the use of any device that disrupts or interferes with the meet, such as a laser pointing device or artificial noisemaker.
- .8 May modify any rule for a competitive swimmer who has a disability. Such modification shall be in accordance with Article 105 of the USA Swimming Rules and Regulations.

- .9 When the meet sanction allows conducting the events by starting them from the alternate ends of a 50-meter course, the Referee shall establish the necessary administrative and officiating procedures to conform to Part One of the rules and local conditions.
- .10 Refer to 102.11 concerning protests.

102.14 STARTER

- .1 **Equipment** — Loudspeaker start system conforming to 103.15, with or without an underwater recall device, and an electronic strobe signal as provided in 105.3 shall be the preferred starting device. A .22 caliber starting pistol may be used.
- .2 **Preparation** — The Starter shall stand within ten feet of the starting end of the pool and upon signal from Referee, shall assume control of swimmers until a fair start has been achieved.
- .3 **Optional Instructions** — The Starter may:
 - A Announce the event;
 - B Advise the heat when a swimmer will be attempting to achieve a time at an initial distance.
 - C For backstroke event starts, give the command, "Place your feet."
- .4 **The Start**
 - A At the commencement of each heat, the Referee shall signal to the swimmers by a short series of whistles to remove all clothing except for swimwear, followed by a long whistle indicating that they should take and maintain their positions on the starting platform, the deck, or in the water. In backstroke and medley relay events, at the Referee's first long whistle the swimmers shall immediately enter the water and at the second long whistle shall return without undue delay to the starting position (101.3.1).
 - B When the swimmers and officials are ready, the Referee shall signal with an outstretched arm to the Starter that the swimmers are under the Starter's control.
 - C On the Starter's command "take your mark", the swimmers shall immediately assume their starting position, in the forward start, with at least one foot at the front of the starting platform or on the deck. Swimmers starting in the water must have at least one hand in contact with the wall or starting platform. When all swimmers are stationary, the starter shall give the starting signal.
 - D When a swimmer does not respond promptly to the command "take your mark", the Starter shall immediately release all swimmers with the command "Stand up" upon which the swimmers may stand up or step off the blocks.
- .5 **False Starts**
 - A Any swimmer starting before the starting signal is given shall be disqualified if the Referee independently observes and confirms Starter's observation that a violation occurred. Swimmers remaining on the starting blocks shall be relieved from their starting positions with the "Stand up" command and may step off the blocks. The Starter shall restart the race upon signal by the Referee.
 - B If the starting signal has been given before the disqualification is declared, the race shall continue without recall. If the Referee independently observes and confirms the starter's

102.14

observation that a violation occurred, the swimmer or swimmers who have false started shall be notified of the disqualification upon completion of the race.

- C If the recall signal is activated inadvertently, no swimmer shall be charged with a false start and the Starter shall restart the race upon signal by the Referee.
 - D A swimmer who would otherwise be charged with a false start may be relieved of the charge if the false start was caused by the swimmer's reaction to the "Stand Up" command.
 - E A swimmer shall not be disqualified for an illegal starting position at the start if the race is permitted to proceed. Enforcement of the correct starting position is the responsibility of the Starter.
 - F Declared false start: swimmers reporting to the Referee prior to the start of their race and declaring their intent not to compete will be disqualified except as noted in 207.12.10D.
- 6 **Warning Signal** — With the exception of relays, in events 500 yards or longer the Starter or a designee shall sound a warning signal over the water at the finish end of the lane of the leading swimmer when that swimmer has two lengths plus five yards or five meters to swim. As an alternative, a bell warning signal may be given over each lane by a lane judge or timer in that lane.
- 7 **Deliberate Delay or Misconduct**
- A Any swimmer, who delays the start by entering the water or by willfully or deliberately disobeying a command to step on the blocks or to take a starting position, or for any other misconduct taking place at the start, may be disqualified from the event by the Starter with concurrence of the Referee.
 - B The Referee shall disqualify a swimmer who fails to appear at the starting platform ready to swim in time for the initial start of his/her heat.
 - C Such disqualifications shall not be charged as a false start.

102.15 JUDGES — Shall have jurisdiction over the swimmers immediately after the race has begun.

- 1 **Chief** — An overall "Chief Judge" may assign and supervise the activities of all stroke, turn, place and take-off judges and may report their decisions, or if desired any judging category may have a designated "Chief". Any "Chief" may act as liaison for the judges and may serve simultaneously in one of the judging positions and shall assign those judges within the "Chief's" category.
- 2 **Place Judge** — At the discretion of the Referee, two place judges — one on each side of the course — shall be stationed near the finish and each shall judge the order of finish of all swimmers. A place judge shall record a tie if a place distinction cannot be made. Judging results shall be used only in accordance with 102.16.6C in determining the order of finish.
- 3 **Stroke Judge** — Shall operate on both sides of the pool, preferably walking abreast of the swimmers during all strokes except freestyle, during which events they may leave poolside, at the Referee's discretion; shall ensure that the rules relating to the style of swimming designated for the event are being observed; and shall report any violations to the Referee on signed slips detailing the event, the heat number, the lane number, the swimmer's name and the infraction.

- .4 **Turn Judge** — Shall operate on both ends of the pool; shall ensure that when turning or finishing the swimmer complies with the turning and finishing rules applicable to the stroke used; and shall report any violations to the Referee on signed slips detailing the event, the heat number, lane number, the swimmer's name and infraction observed.
- .5 **Jurisdiction of Stroke and Turn Judges** — Before the competition begins the Referee shall determine the respective areas of stroke and turn responsibility and jurisdiction, which may include joint, concurrent, and coordinated responsibility and jurisdiction. The Referee shall insure that all swimmers shall have fair, equitable, and uniform conditions of judging.
- .6 **Relay Take-Off Judges** —
 - A Relay take-off judges shall be assigned by the Referee and shall stand so that they can clearly see both the touch of the incoming swimmer(s) and the feet of the departing swimmer(s) as they leave the starting platform, and shall judge whether the swimmer is in contact with the platform when the incoming swimmer touches the end of the pool.
 - B If dual relay take-off judging is used, the lane and side take-off judges shall independently report infractions in writing without the use of the infraction hand signal. A relay will be disqualified only if the lane take-off judge has reported an infraction and the assigned side take-off judge has confirmed the same infraction.
 - C When automatic relay exchange judging equipment is in use, the system printout will provide the information to judge relay exchanges. Integrated back-up timing cameras may be reviewed by the Referee to confirm the automatic system's results. When back-up timing cameras are not available, the Referee will determine the confirmation process.
- .7 **Infraction Signal** — See 102.10.1 DISQUALIFICATIONS for the infraction signal.

102.16 TIMING

- .1 **Timing Systems** — Every race in a swimming competition shall be timed with one or more of the following systems, listed in their preferred order of use:
 - A **Automatic** — A timing system that is started by an electric impulse generated by a starting device or a transducer capable of detecting a gun report and stopped at the finish by the swimmer touching the touchpad.
 - B **Semi-Automatic** — A timing system that is started by an electric impulse generated by a starting device or transducer capable of detecting a gun report and stopped by buttons pushed by timers at the finish touch of the swimmer.
 - C **Manual** — A timing system consisting of individual lane timers, each operating a manual watch that is both started and stopped by the timer as described in 102.16.3C. Only hand-held, battery powered, digital read-out type watches designed for timing purposes shall be used.
- .2 **Timing System Designation** — Timing systems shall be designated in the order in which results are used as follows:
 - A **Primary System** — The primary system shall determine the official time of each swimmer unless a comparison of the primary with secondary and/or tertiary system times indicates a malfunction of the primary system. A primary system shall always be in place and shall consist of one of the following, listed in their preferred order of use:

- (1) Automatic Timing.
 - (2) Semi-Automatic, with three (3) or two (2) buttons per lane, each operated by a separate timer.
 - (3) Manual, with three (3) or two (2) watches per lane, each operated by a separate timer.
- B Secondary System** — If manually operated watches are not the primary system, a secondary system of precedence equal to or lower than the primary system must be used. The secondary system may be:
- (1) Back-up timing cameras recording a minimum of 100 images per second. The cameras must be fully integrated with the timing system.
 - (2) Semi-Automatic with one (1), two (2), or three (3) buttons, each operated by a separate timer.
 - (3) Manual with one (1), two (2) or three (3) watches per lane, each operated by a separate timer.
- C Tertiary System** — Unless the primary system consists of manual watches or the secondary system includes at least one (1) manual watch per lane, a tertiary system of at least one (1) manual watch per lane shall be provided.
- .3 Timing Personnel and Their Duties** —
- A Chief Timer** — The Chief Timer shall:
- (1) Assure the assignment of Lane Timers to lanes and the designation of one timer on each lane to be the Head Lane Timer.
 - (2) On the starting signal, start a watch(es) on every race. The time of this watch shall be used if a Lane Timer's watch fails.
 - (3) Be responsible for delivering all manual watch times, including those of disqualified swimmers, to the Timing Judge.
- B Head Lane Timer** — The Head Lane Timer shall:
- (1) Determine whether the swimmer or relay team is present and in the correct lane, heat and event, and that relay swimmers are swimming in the order listed.
 - (2) Determine and record manual watch times or the absence of a swimmer or the relay team seeded in that lane.
 - (3) Assign one timer to time relay splits and initial distance times if requested by the Chief Timer.
 - (4) Report if the swimmer has delayed in touching or has missed the touch pad at the finish, or if there is reason to believe the semi-automatic or manual times may be inaccurate.
- C Lane Timers** — Officials assigned as Lane Timers may simultaneously operate two dissimilar devices (one watch and one button) but not two similar devices (two watches or two buttons). It is not within the Lane Timer's jurisdiction to judge if the swimmer's touch conforms to the applicable finish rules or if a relay take-off infraction has occurred unless

assigned concurrent responsibility as a Lane Timer and Turn Judge or Relay Take-off Judge. Each timer shall:

- (1) Be in position at the start to have an unobstructed view and shall start the watch at the instant of observing the visual starting signal. If the visual starting signal is not observed, the watch shall be started upon hearing the sound of the starting signal.
- (2) Stand directly over the assigned lane at the finish to observe a touch above, at, or below the surface of the water and stop the watch and/or push the semi-automatic system button when any part of the swimmer's body touches the wall.
- (3) Report the watch time to the Head Lane Timer or the designated recorder, report if a late or missed pad touch is observed; and, if requested, present the watch for inspection. Lane Timers shall not clear their watches until a command to "clear watches" is given or the Referee signals that the next heat is ready to start.

D Timing Equipment Operator — The Timing Equipment Operator shall be responsible for the automatic or semi-automatic timing equipment, including the electronic starting system and scoreboard (if used), and shall advise the Referee of any system problems that might affect the accuracy of times or whenever the touchpad is observed to have failed to record the finish when the swimmer completed the race. The timing equipment should be placed so that the operator is able to observe the finish of each race.

E Timing Judge — Under the direction of the Referee, the Timing Judge shall determine the official time for each swimmer as follows:

- (1) Receive and review the automatic and/or semi-automatic timing results from the Timing Equipment Operator and compare primary timing results with the back-up timing results to determine their validity.
- (2) Receive the times recorded by the Head Lane Timers from the Chief Timer and use those times to the extent needed to determine the official time for each swimmer.
- (3) Notify the Referee whenever a time obtained by the primary timing system cannot be used as the Official Time.
- (4) Record disqualifications approved by the Referee. A written record of all disqualifications signed by the Referee shall be given to the Recorder.

F Recorder — The Recorder shall:

- (1) Record the Official Times and disqualifications;
- (2) Determine the official Order of Finish;
- (3) Publish the results; and
- (4) May also determine the score of the meet.

.4 Requirements for Official Time

A Performance Requirements

- (1) An official time can be achieved only in USA Swimming sanctioned or USA Swimming approved competition, or in an observed swim in accordance with all applicable rules. It may be achieved in:
 - (a) A preliminary or final heat.

- (b) A swim-off held to determine qualifiers or alternates for consolation or final heats.
 - (c) A lead-off leg in a relay.
 - (d) A split time recorded from the official start to the completion of an initial distance with a legal finish within a longer event, provided the swimmer completes the event or the lead-off portion of the relay in compliance with applicable rules.
 - (e) A time trial or a record attempt.
- (2) An official time for an event or a stroke can be achieved only in that event or stroke, or in an initial distance of such event or stroke (e.g. a backstroke time must be achieved in a backstroke event or the backstroke leg of a medley relay). Regardless of the stroke(s) used, times achieved in freestyle events can be recorded only as freestyle times.

B Timing Resolution — All timing systems, including manual watches, shall have a resolution of one one-hundredth of a second (0.01 second). Times from all systems shall be recorded to hundredths of a second. The digits representing thousandths shall be dropped with no rounding.

PRIMARY TIMING SYSTEM	USE OF OFFICIAL TIME
LEVEL 1 Automatic Timing for all purposes.	- World, American and U.S. Open Records; - Initial distance splits and relay lead-off times
LEVEL 2 Semi-Automatic with 3 buttons	- NTVs for 50m distances in a 50m pool; - National age group records; - National reportable times
LEVEL 3 Semi-Automatic with 2 buttons, or Manual with 3 watches	- NTVs, except for 50m distances in a 50m pool; - LSC and other local records, unless prohibited by the LSC; - Initial distance splits and relay lead-off times for age group time standards (A, B, C times, etc.)
LEVEL 4 Manual with 2 watches	- Zone, Regional, or LSC sponsored meet time standards, unless Timing System Level 3 is specified; - Age group time standards (A, B, C times, etc.)

C System Requirements for Specific Purposes

- (1) The official time may be used for the purpose listed only if timed by a timing system of at least the level required for that use.
- (2) World records can be established only when timed by an automatic timing system, or a semi-automatic system if the automatic system malfunctions.
- (3) A backup time adjusted for timing system differences as described in Section 102.16.5 may be used as an official time equal to the level of the timing system for which it has been adjusted.

- D **Backup Timing System Requirement** — Except when the primary system consists of watches, backup timing shall be provided for all competitors. No swimmer shall be required to reswim a race due to equipment failure which results in unrecorded or inaccurate time or place. It is the meet director's responsibility to provide the proper timing systems so that swimmers can expect to achieve official times that will satisfy the requirements of 102.16.4C.
- E **Use of Secondary and Tertiary Times** — Secondary and tertiary times shall be recorded but shall not be used except to corroborate or correct missing or inaccurate primary/secondary results.

.5 Determination of Official Time

- A **Automatic Timing** — When recorded by properly operating automatic timing equipment, the pad time shall be the official time.
- B **Semi-Automatic and Manual Timing** — Whenever semi-automatic or manual timing is used, the times shall be determined as follows:
 - (1) If two of the three button or watch times agree, that shall be the time for that timing system.
 - (2) If all three buttons or watches disagree, the time of the intermediate button or watch shall be the time for that timing system.
 - (3) If only two button or watch times are available, the time shall be the average of those two button or watch times. The digits representing thousandths of a second shall be dropped with no rounding.
 - (4) If only one button or watch time is available, the time of that button or watch shall be the time for that timing system.
- C **Primary Timing System Malfunction** — May have occurred if:
 - (1) The difference between the time obtained by the primary system and the back-up system(s) is .30 seconds or more.
 - (2) A late or missed touch is reported by an official observing the finish.
- D **Adjustment for the Timing System Difference** — When the Referee determines that there is a malfunction of the primary timing system, the back-up time(s) shall be adjusted for the timing system difference prior to integrating them with accurate primary times in establishing the official times and determining the order of finish. The adjustment for timing system difference may be incorporated into the automatic or semi-automatic system by design or may be determined by calculating the consistent average difference between the primary and back-up systems used at that meet.
- E **Adjustment for Malfunction on a Lane** — When a malfunction is confirmed on a lane, the back-up times for that lane shall be adjusted by calculating the average difference between valid primary and valid back-up times of the other lanes in that heat, or if necessary, using times from heats immediately preceding and/or following the heat. This shall be done by adding, or subtracting when appropriate, that average difference to the valid back-up time of the lane where the malfunction occurred. (*see Table 1 on page 40*)

(continued on page 41)

Table 1 — EXAMPLE (LANE MALFUNCTION):**Primary** - Automatic;**Secondary** - Semi-automatic, three buttons (intermediate button time shown **bold**)**Tertiary** - Manual, one watch.

						.81 total	

*More than .30 of a second difference, late touch confirmed. **Adjustment calculation:

▼ Add the differences between pad and intermediate button time (excluding the malfunctioning lane); total = .81; ▼ Divide .81 by the number of valid lanes to determine an average: .81 divided by 7 = .11571; the digits after hundredths are dropped, leaving a timing system difference of .11; ▼ Add the timing system difference to the valid back-up time for Lane 5: 51.35 + .11 = 51.46 (the official time for Lane 5).

Table 2 — EXAMPLE (HEAT MALFUNCTION):**Primary** - Automatic (Late manual start confirmed);**Secondary** - Semi-automatic, three buttons (button time not valid);**Tertiary** - Manual, one

*Adjustment calculation:

▼ Add the differences between the pad and watch times; total = 24.50; ▼ Divide 24.50 by the number of lanes to determine an average: 24.50 divided by 8 = 3.0625; the digits after hundredths are dropped, leaving a heat adjustment of 3.06; ▼ Add the adjustment factor of 3.06 seconds for late start of the primary system to each **pad time** to obtain the official time for that lane.

- F **Adjustment for Malfunction Equally Affecting an Entire Heat** — When, because of an early or late start, or other equipment or operator malfunction, the time of the automatic or semi-automatic primary timing system is equally incorrect for all the lanes in a heat, but the order of finish and thus the absolute difference of time between the swimmers is accurate, the times of the primary system shall be adjusted by calculating the average difference between the primary times and the valid back-up times and adding, or subtracting when appropriate, that difference to the primary times of every lane in that heat. (see Table 2 on page 40)

6 **Determining Order of Finish** —

- A **Place and Ranking** — The order of finish shall be by integration of official times including those times adjusted in accordance with 102.16.5.
- B **Ties** — official times identical to the hundredths shall be ties, with swim-offs as required to determine qualifiers or alternates for consolation or final heats.
- C **Judging** — Judging shall only be used to change the order of finish produced by ranking the Official Times if:
- (1) the swimmers competed in the same heat,
 - (2) times obtained from properly operating automatic timing equipment are not available, and
 - (3) both Place Judges observed a different relative order of finish and made a written record of their observation immediately following the conclusion of that heat.

Note: A different relative order of finish means there is agreement that a different swimmer finished ahead of another swimmer, there need not be agreement on their exact placement within the heat.

D **Impact of Judging on Order of Finish** — If judging changes the order of finish:

- (1) In timed finals meets and the finals of preliminaries and finals meets, such placement by judges decision (JD) shall be indicated in the meet results and shall determine the order of finish.
- (2) In the preliminaries of preliminaries and finals meets, in no case may a swimmer with a faster time displace a swimmer who was judged to have placed ahead of him within a heat according to 102.16.6.C. If this should result in disputed qualifications, all swimmers having times tied or within the disputed times shall swim-off for the disputed places in accordance with 102.5.2.

102.17 **CLERK OF COURSE** —

- .1 The clerk of course shall be provided with an area clearly marked “Clerk of Course” where all swimmers must report as soon as their event is called.

Time Trial results shall be provided in the above format, when applicable. If the meet is computerized and connected directly to or interfaced with the automatic timing system then all available initial distance times listed in 102.16.4A shall be provided upon request.
- .4 For relays, in addition to the order of finish, affiliation, and official time, the swimmers' first and last names, ages, the order in which they swam, and, if available, lead-off swimmer's time, shall be included.

Note: First names may be abbreviated within the limitations of the printing or computer program.

102.25 TOBACCO PRODUCTS — Smoking and use of other tobacco products is prohibited on the pool deck, in the locker rooms, in spectator seating or standing areas, and in all areas used by swimmers, during the meet or during the warmup periods in connection with the meet.

102.26 ALCOHOLIC BEVERAGES — Alcoholic beverages are prohibited in all areas of the venue, including, but not limited to, pool deck, locker rooms, spectator seating or standing areas, and in all areas used by swimmers. Exceptions to this provision can be made only with the approval of the USA Swimming Board of Directors.

They shall:
 - A Separate the racing lanes. /M/
 - B Be outside the outermost lanes being used. /LSC/
- .2 Dividers shall consist of contiguous floats having a minimum diameter of 5 centimeters (2 inches) to a maximum diameter of 15 centimeters (6 inches). The color of the floats extending from the walls the distance of 5 meters for long course and 15 feet for short course shall be distinct from the rest of the floats. Distinctive colored floats, or markers extending around the full circumference of the floats, shall be placed at 15-meters (49' 2¹/₂") from each end wall in both short course and long course pools. Additionally, in long course pools, a distinctive warning line or lane markers may be placed at a distance of 13 meters from each end wall. or positioned behind the starting platforms in such a manner that equitable dispersion of sound to all lanes is assured. The device shall also activate a strobe light, or similar visual signal, located on the starter's side of the course approximately 15 feet forward from the starting end, to indicate the start to manual timers and deaf and hard-of-hearing swimmers. The start system may include an underwater recall speaker and gun lap signal option.

103.16 /M/ RECALL DEVICE — A device to recall swimmers shall be provided. If a recall rope is used, it shall be placed at the mid-point of the course in long course facilities and at the turn end backstroke flags in short course facilities.

- .2 All claims shall be sent by facsimile transmission immediately following performance to the national headquarters. Supporting evidence must be filed on official FINA World Record application forms, which must be in the national headquarters within 21 days following performance, with copy also sent to the National Records Coordinator. Responsibility for this filing shall rest with the meet recorder of records, official scorer, or LSC records chairman.

104.2 USA SWIMMING RECORDS

- .1 **General Requirements and Conditions for Records**
 - A The official time for establishing specific records must be achieved and determined in accordance with 102.16.
 - B Record times registered by automatic equipment shall be submitted in hundredths of a second (two decimal places). If first place times are tied to a hundredth of a second, the results shall be declared to be a tie and the record shall be shared by each swimmer.
 - C No record shall be considered which is applied for by or through a conference, league, LSC, allied member, or organizational member whose rules governing performance do not conform to Parts 1 and 2 of USA Swimming Rules and Regulations.

Exception: When such rules do not conform to these rules but performance by the swimmer is claimed to conform to them, application may be made to the Records Com-

mittee, via the Executive Director, for consideration. Such application must be supported by documentary or other evidence of performance as may be requested by that committee.

- D For LSC and local records only, unless prohibited by the LSC, the Referee, if requested, for the purposes of recording record attempts at an initial distance for an individual event or for the lead-off leg of a relay, may for any lane
- (1) Permit the use of the split function button of digital manual watches where all three official lane timers on the lane are using digital watches with split function, or
 - (2) Assign three (3) additional official timers to the lane to time the record attempt.
- Note:** Performances in this category require the swimmer(s) to complete the full distance of the scheduled event in compliance with applicable rules including a legal finish at the initial distance.
- E Should the first swimmer on a relay team complete his/her leg in a record time for that stroke/distance, his/her performance shall not be nullified by any disqualification of his/her team members.

- (1) When age or representation is a condition for setting LSC or Age Group records;
 - (2) To a U.S. citizen setting an American record in competition with non-U.S. citizens;
 - (3) When achieved as the lead-off leg in a relay race or at an initial distance; or

- (2) Times submitted for Age Group records must comply with all the requirements for the 16 Best Times tabulation as listed in 205.8.

ARTICLE 105

GUIDELINES FOR OFFICIATING SWIMMERS WITH A DISABILITY IN USA SWIMMING MEETS

105.1 GENERAL —

- .1 **Authority** — The USA Swimming Rules & Regulations grant the Referee the authority to modify the rules for the swimmer with a disability. Disability is defined as a permanent physical or mental impairment that substantially limits one or more major life activities. This section contains guidelines and suggestions for making such modifications.
- .2 **Responsibilities** —
 - A Athlete — The athlete (or the athlete's coach) is responsible for notifying the Referee, prior to the competition, of any disability of the athlete. The swimmer/coach shall provide any assistant(s) or equipment (tappers, deck mats, etc.) if required.
 - B Referee — The Referee's responsibilities include:
 - (1) Inquiring regarding the athlete's needs and determining what modifications will be required.
 - (2) Instructing the Starter and Stroke & Turn officials as to the accommodations to be made for that swimmer.
- .3 **Modifications** — Some of the modifications which the Referee may make to accommodate the athlete with a disability are:
 - (1) A change in starting position.
 - (2) Reassignment of lanes within a heat, e.g., exchanging Lanes 2 and 7.
 - (3) Allowing the athlete's assistant(s) on the deck or in the water to assist with a start. Other allowable modifications are further described in this section under the type of disability.
- .4 **Use of ID Card for Swimmers with a Disability** — All swimmers with a disability, who have an International Paralympic Committee authorized classification, will be issued an ID card listing their specific International Paralympic Committee swimming rule exceptions on the reverse of the card. Swimmers shall be judged under these specific exceptions.

105.2 BLIND AND VISUALLY IMPAIRED —

- .1 **Start** — With an audible starting system, no modification is usually required for a blind or visually-impaired swimmer. They may, however, require assistance getting to and on the block. Should they feel insecure starting from the block or deck, an in-the-water start may be allowed.
- .2 **Turns and Finishes** — A blind or visually-impaired swimmer is permitted to have a "tapper", which is a pole with a soft-tipped end. The swimmer is tapped with the "tapper" as notification of turns and the finish. Sound devices shall not be used. It is the swimmer's responsibility to provide the tapper(s) and operator(s), who shall be positioned within the confines of the swimmer's lane at the ends of the pool.

105.2

- .3 **Relay Take-Offs** — A physical touch may be required to signal the relay swimmer when his/her teammate has touched the wall. The specific method may be tailored to the swimmer's preference so long as it does not aid the swimmer's take-off or interfere with the timing.

105.3 DEAF AND HARD OF HEARING

- .1 Deaf and hard of hearing swimmers require a visual starting signal, i.e., a strobe light and/or Starter's arm signals. The Referee may reassign lanes within the swimmer's heat, i.e., exchanging one lane for another, so that the strobe light or Starter's arm signal can more readily be seen by the deaf or hard of hearing swimmer. Standard Starter's arm signals are shown in Figure 1. A false start rope is required in the event of a recall.

FIGURE 1

1. Arm overhead — swimmer steps onto starting block
2. Arm moves to shoulder level — signal to "take your mark"
3. Arm moves to side of body — starting signal

- .2 **Strobe light location** — The Starter shall advise the swimmers about the location of the strobe light and the light shall be located where the swimmers can clearly see it for the start. For backstroke starts, the light should be positioned so that the swimmers don't have to turn their heads to look backwards.

105.4 MENTALLY IMPAIRED — A deck or in-the-water start is allowable and the swimmer may be permitted to have an assistant on the deck when necessary. No other specific rule modifications are required other than patience and clarity in communicating instructions.

105.5 PHYSICAL DISABILITIES —

- .1 **Start** — Swimmers with physical disabilities:

- A May take longer to assume their starting position;
- B May not be able to hold onto the starting grips or gutter for a start;
- C May need assistance on the deck or from in the water to maintain a starting position;
- D May need to assume a modified starting position on the blocks, deck, gutter or in the water in order to maintain their balance.
- E For freestyle, breaststroke and butterfly, a forward start (facing the course) shall be used. The Referee, however, may allow modifications such as the following:
 - (1) The swimmer may start from a sitting position on the block or on the deck;
 - (2) The swimmer may assume a starting position in the water, with or without assistance;

FIGURE 2 — Sitting on block or deck

- (3) If the swimmer cannot use a hand and/or foot to maintain contact with the wall, some other part of the body may be used.
- (4) For breaststroke and butterfly, after the start and after each turn, a swimmer who is unable to push off with the leg(s) may perform one asymmetrical stroke to attain the breast position.

Examples of modified starting positions are shown in Figures 2 through 5.

2. **Stroke/Kick** — In judging the stroke or kick of a swimmer with a physical disability, the Referee and Stroke & Turn Judge should follow the general rule that: if a part of the body is absent or cannot be used, it is not judged; if it is used during the stroke or kick, it should be judged in accordance with the USA Swimming Rules and Regulations.

Judgments should be made based on the actual rule — not on the swimmer's technique. For example, the breaststroke swimmer with one arm or leg shorter than the other, may have a non-symmetrical stroke or kick, but as long as the arm or leg action is simultaneous, it would meet that portion of the rule. No flotation devices should be permitted.

3. **Turn/Finishes** — Touches shall be judged in the same manner as strokes and kicks, i.e., on the basis of the arm(s) and/or hand(s) that the swimmer can use. In breaststroke and butterfly events, the competitor must reach forward as if attempting a simultaneous two-hand touch. When a swimmer has a different arm length, only the longer arm must touch the wall, but both arms must be stretched forward simultaneously. Swimmers with no arms or with upper limbs too short to stretch above the head may touch the wall with any part of the upper body.

4. **Relays** — Relay swimmers who cannot exit the water immediately may be allowed to remain in the lane until all relays have finished so long as they do not interfere with the other swimmers or the timing equipment.

PART TWO

ADMINISTRATIVE REGULATIONS OF COMPETITION

ARTICLE 201 CLASSES OF COMPETITION

201.1 COMPETITIVE CLASSIFICATIONS — Swimming shall be conducted under the following classifications and participation is open to athletes from any country subject to further pertinent regulations in these rules and elsewhere.

ARTICLE 202 SANCTIONS AND APPROVALS

202.1 JURISDICTION — As the National Governing Body for competitive swimming in the United States and as a Federation member of FINA, USA Swimming has the sole and exclusive authority to sanction or approve domestic and international swimming competition conducted within its jurisdiction. Each Local Swimming Committee (LSC), as the administrative arm of USA Swimming, is authorized to issue the sanction or approval for all swimming competition and benefits, exhibitions, clinics and entertainment involving competitive swimming within its geographical boundaries. Sanction is not required for closed competition which is restricted to members of a single Group Member of USA Swimming, although it may be issued by the LSC upon proper application.

202.2 REQUIREMENTS FOR SANCTION — Sanctions are issued, withheld or withdrawn in accordance with the following regulations:

- .1 Sanctions may only be issued to USA Swimming group members or LSCs and their subdivisions.
- .2 No sanction for domestic competition will be issued to any organization or person whose interest in amateur athletic competition is purely commercial, or where the event is to be

- promoted solely for the profit or the advertising value to be derived therefrom. Any income derived from sanctioned events must be used for the further promotion of swimming, for an approved charity, or for the general welfare of the promoting organization as a whole.
- .3 Sanctions issued to one organization cannot be transferred to another. Any sanction so transferred shall be void for all purposes, and the LSC is empowered to deny further sanctions to any organization violating this provision.
 - .4 No further sanction shall be given to any organization which has failed to satisfy expense obligations to athletes or to award prizes as stated on its entry blank until the obligations are satisfied or the prizes awarded.
 - .5 No sanction will be granted for any event for which the word "Olympic," or any derivative thereof, is used in any manner in connection with said event unless consent is obtained from USA Swimming.
 - .6 All sanctions must be signed by a designated member of the LSC, and a record thereof must be retained.
 - .7 The following clause will appear on all sanction application forms and on all forms upon which official sanctions are granted: "In granting this sanction it is understood and agreed that USA Swimming shall be free from any liabilities or claims for damages arising by reason of injuries to anyone during the conduct of the event."
 - .8 Application for sanction must be accompanied by a copy of complete meet information, including a statement of the nature of prizes to be awarded.
 - .9 Application for sanction must be accompanied by a complete schedule of lanes and times for all warm-up procedures which must be adhered to by all participants. These must be distributed with meet information, posted throughout the pool area, announced periodically and on a regular basis, before and during a meet, and are to be monitored jointly by the meet director and the meet referee (or their special designees).
 - .10 The issuing LSC shall receive the following information regarding finances from every organization receiving a sanction (not applicable to events sponsored by USA Swimming):
 - A The LSC shall also require the organization to which a sanction has been granted to file, within 45 days after the event, a financial statement setting forth all receipts and disbursements in connection with the sanctioned event.
 - B The LSC may at any time require the organization to furnish, within 15 days after written request, all receipts and vouchers relating to the sanctioned event.
 - C No sanction to hold any athletic event of any kind shall thereafter be issued to an organization who has failed or refused to file with the LSC any statement or affidavit required under any subdivision of this section, until the statement or affidavit is filed, or until such time as the LSC may determine.
 - .11 The sanction fee shall be as established by the LSC; those for national and international meets shall be established by the USA Swimming Board of Directors.
 - .12 For the sole purpose of improving competitive swimming, and with the written approval of the USA Swimming Rules & Regulations Committee, an LSC may sanction events or meets

for which waivers of specific provisions of Parts One or Two of USA Swimming Rules and Regulations have been granted for limited periods and under specified conditions.

- .13 LSCs may develop special administrative standards and conditions to encourage athletes with disabilities to participate in their meets. Such conditions shall be included in the meet information.
- .14 If an event is to be contested in more than one LSC's or country's jurisdiction, the application for sanction shall be submitted to the LSC in which the event begins. The sanctioning LSC shall notify the other LSC(s) and/or the governing body of the other country in which the event is being contested of details of the event.

202.3. CONDITIONS OF SANCTION — Any event for which a sanction is required according to 202.1 is subject to the following conditions:

- .1 No swimmer who is not a member as provided in Article 302 will be allowed to compete or participate.
- .2 At a sanctioned competitive event, USA Swimming athlete members must be under the supervision of a USA Swimming member coach during warm-up, competition, and warm-down. The Meet Director or Meet Referee shall assist the athlete in making arrangements for such supervision.
- .3 All meet directors, referees, starters, marshals, and stroke and turn judges, serving in an official capacity in a sanctioned event, must be members of USA Swimming, and all persons acting in any coaching capacity in a sanctioned event must be coach members of USA Swimming.
- .4 Announcements and entry blanks of sanctioned events must state that no entrant will be permitted to compete unless the entrant is a member as provided in Article 302. The announcements and entry blanks must state whether on-deck registration will be permitted and under what conditions.

202.4

- .2 Both USA Swimming athlete members and non-USA Swimming athlete participants may compete in an approved meet.
- .3 Written application for approval shall be made not later than the period established by the LSC prior to the competition. The LSC may establish a fee for processing such applications. Application for approval shall be accompanied by complete meet or event information and a statement of the nature and value of prizes to be awarded. Payment of a fee or expenses to the assigned USA Swimming officials shall not be a requirement for approval.
- .4 No competition shall be approved unless a sufficient number of USA Swimming officials, certified by the LSC at a minimum of Stroke and Turn level, are present to observe and certify that the conduct of competition and all times achieved in such competition were in conformance with all applicable USA Swimming technical rules including, but not limited to, the following:

- .6 No approval for domestic competition will be issued to any organization or person whose interest in amateur athletic competition is purely commercial, or where the event is to be promoted solely for the profit or the advertising value to be derived therefrom. Any income derived from approved events must be used for the further promotion of swimming, for an approved charity, or for the general welfare of the promoting organization as a whole.
- .7 Approvals issued to one organization cannot be transferred to another. Any approval so transferred shall be void for all purposes, and the LSC may deny further approval to any organization violating this provision.
- .8 No further approval shall be given to any organization which has failed to satisfy expense obligations to athletes or to award prizes as stated on its entry blank or event information until the obligations are satisfied or the prizes awarded.
- .9 No approval will be granted for any competition if the word "Olympic," "World," "National," "United States of America" or any derivative thereof is used in any manner in connection with such competition unless consent for such usage is obtained from USA Swimming.
- .10 The following clause will appear on all approval application forms and on all forms upon which official approvals are granted: "In granting this approval it is understood and agreed that USA Swimming shall be free and held harmless from any liabilities or claims for damages arising by reason of injuries to anyone during the conduct of the event."

- .11 Complete meet results shall be submitted to the LSC within a period of time established by the LSC.

202.5 REQUIREMENTS FOR OBSERVED SWIMS — Official times achieved as observed swims in collegiate, high school, YMCA, Masters, etc., meets, held under other than USA Swimming rules, will be acceptable for National Time Verification (NTV) purposes. Swims may be observed by assigned USA Swimming officials for conformance with USA Swimming technical rules in a meet conducted under other than USA Swimming rules if all of the following conditions are met:

- .1 The meet must be a season-culminating Championship, e.g., League, Conference, District, Sectional, State, Regional, or be specifically approved by the USA Swimming Program Operations Vice President through application to the National Times Coordinator. A time trial held in conjunction with the season-culminating championship meet that is officiated in accordance with the same standard as the championship meet may also be observed.
- .2 Requests for USA Swimming observers for certification of times from meets in the championship progression must be made to the host LSC in accordance with LSC procedures at least 10 days prior to the meet. - (1) Factors to be considered in the determination of whether sponsoring the event would be detrimental to the best interest of swimming shall include, but not be limited to, the following:
 - (a) Review of audited or notarized financial reports of similar events, if any, conducted by the organization or person, including:

USA Swimming shall advise any such organization or person requesting such foreign travel of the requirements for approval in accordance with Federal Law and the USOC Constitution.
- .3 No team, individual or organization competing inside or outside the United States may use the letters "U.S.A.," or any other designation that may indicate it as a team or individual representing the United States, on uniforms or competitive equipment or in any other manner, without the express written approval of USA Swimming issued through the office of the Executive Director. (See FINA GR2.4)

202.7 SWIM-A-THONS — All Swim-a-thon events are held under the exclusive jurisdiction of USA Swimming and must conform to rules and regulations established by USA Swimming. The participants may or may not be members of USA Swimming. Each LSC is responsible for the monitoring of each Swim-a-thon event held within its geographical boundaries, including the taking of that action pursuant to the provisions of Article 401 as may be necessary to discipline any violation of USA Swimming Rules and Regulations.

ARTICLE 203 REPRESENTATION

2

203.1 In order for a swimmer to compete in USA Swimming competition as a representative of a club or educational institution, that organization must be a member in good standing of the LSC and USA Swimming or of FINA.

203.2 A swimmer need not reside within the geographical boundaries of the LSC in which the USA Swimming club he/she represents is located, but he/she must be registered in that LSC; a swimmer who has been released by his/her club pursuant to 203.4 to represent a secondary school, college or university, wherever located, during the school season, may retain membership in the LSC in which the swimmer's club is located.

203.3 For a swimmer to represent a USA Swimming club in a competitive event, one hundred twenty (120) consecutive days must have elapsed without the swimmer having represented any other USA Swimming club in USA Swimming competition. This 120-day rule does not apply to representation in closed competition if it is sanctioned or approved by the LSC.

203.4 A swimmer registered with a USA Swimming non-school club who wishes to compete for a secondary school, college or university shall be automatically released without notice by his/her club upon commencement of his/her season to compete for that school in school competition, and upon termination of such school swimming season he/she shall be immediately eligible to represent the USA Swimming non-school club of his/her choice (subject to the 120-day rule in 203.3.). It is the swimmer's responsibility to ascertain his/her compliance with scholastic governing bodies' rules and regulations.

203.5 When transferring between LSCs or clubs the swimmer shall present a written transfer in accordance with USA Swimming and LSC procedures. When transferring from one club to another within the same LSC, the procedural requirements established by the LSC Registration Committee shall be followed.

203.6 If a member club of an LSC has secured a court judgment against an athlete member (or his/her parents or custodians) for non-payment of club membership dues and fees which entitle the athlete to compete attached to the club that athlete shall be ineligible to represent any USA Swimming member club until the judgment is paid.

203.7 An unattached competitor is a registered swimmer who represents no club, educational institution or other organization.

203.8 All applications for changes of registration must be accompanied by a reasonable fee to be determined by the local registration committee in the LSC in which the swimmer will be registered after the change of registration.

203.9

203.9

- .1 A swimmer who is a member of another Federation may compete in USA Swimming sanctioned competition with written permission of his/her Federation to do so. Except as provided in Sections 207.10.11 and 207.10.12, the swimmer may swim for a USA Swimming club or team with the consent of the swimmer's Federation, in which event the swimmer shall remain a member of the swimmer's Federation, under its control and supervision. The swimmer shall register with USA Swimming, and be subject to the Rules and Regulations of USA Swimming (including specifically Article 303 of the Rules and Regulations).
- .2 An athlete who has competed for an organization within a foreign federation must provide official documentation from that federation confirming his/her last day representing that organization in competition. One hundred and twenty (120) consecutive days must elapse after a swimmer represents any organization before he/she can represent a USA Swimming club. If documentation is not provided at the time of registration, the one hundred and twenty (120) days will commence from the date of registration. Foreign athletes who are competing for a secondary school, college or university shall be automatically released to represent, in accordance with 203.4.

ARTICLE 205 AGE GROUP PROGRAM

205.1 AGE GROUP SWIMMING OBJECTIVES — Age Group swimming is the program through which USA Swimming provides fair and open competition for its registered swimmers ages 18 years and younger. It is designed to encourage maximum participation, provide an educational experience, enhance physical and mental conditioning, and develop a rich base of swimming talent.

Achievement of these goals will be enhanced by an environment which encourages participation by the maximum number of competitors, coaches, qualified officials, parents, and school and community groups. By providing recognition for all participants, a healthy motivation for self-improvement and advancement is attained.

205.2

205.2 ELIGIBILITY

- .1 Eligibility to compete in a particular age group shall be determined by the swimmer's date (not hour) of birth.
- .2 Age on the first day of the meet shall determine the swimmer's age for the entire meet except as follows:
 - A In a preliminaries and finals meet, when the preliminaries are separated from the finals by more than two days, swimmers shall compete at the age they are on the first day of the finals.
 - B In a timed finals meet that covers more than one weekend, swimmers shall compete at the age they are on the first day of each continuous session of the meet.

1500 or 1650	11.00 Sec.	23.00 Sec.	32.50 Sec.

- (1) Subtract the time indicated above from the actual time achieved at altitude. This is the time to be used on the entry form and seeding will be based on that time. Information relative to the adjustment accompanying the entry form must include name of swimmer, event, date of performance, elevation location, actual time, corrected time and signature of coach.
 - (2) A swimmer or relay may use the above adjustments to meet the national qualifying time standard and seeding will be based upon that time.

 - 9. In USA Swimming spring championships and National Championships, swimmers entered in the 800/1000 and 1500/1650 freestyle do not need to enter their best times, but may enter themselves at the time performed at the meet distance (SC-SC, LC-LC) at the previous USA Swimming spring championships or National Championships, provided they have made the short course yard, short course meter, or long course meter standard during the appropriate qualifying period. Swimmers will be seeded at their entered times.

- .10 Program Operations reserves the right to challenge any submitted time.
- .11 Foreign swimmers, who are not members of USA Swimming, may enter national championships provided they have met all qualifying requirements including submission of proof of entered times. These foreign athletes must meet the time standards. Foreign swimmers must be members of USA Swimming, and must be members of a USA Swimming registered club to compete in the USA Swimming spring championships. (See also 207.8.3 and 207.12.13B)
- .12 All swimmers entered in the USA Swimming spring championships are eligible for scoring. In order to score at USA Swimming National Championships, a swimmer must be eligible to represent the United States in international competition.

- A A club may enter no more than two relay teams in each relay event.
- B Only swimmers listed on the entry form for an organization shall be eligible to compete for that organization in relay events.

- D Each coach shall pick up relay entry forms from the clerk of course on which he/she shall list the competing relay swimmers, their first and last names, ages, and order of swimming, for each entered relay. Upon reporting to the starting blocks, immediately prior to the start of the relay heat in which such team is entered, the completed relay entry form shall be handed to the head lane timer. No change will be permitted thereafter and failure to present the head lane timer with written list of relay swimmers shall prevent such team from competing. A runner shall be furnished to distribute copies of the listed relay swimmers to the announcer and media.

Opportunity shall be given for both the party lodging the protest and the party or parties charged to be heard.
- D Until Eligibility Jury renders a decision, the swimmer may compete under protest. An announcement to this effect shall be made prior to the race. The results of any race conducted under protest shall not be announced, nor prizes awarded, nor points scored until the jury has determined if and how their decision may affect the final scoring or awards.
- E The decision of the jury may be appealed by either party to the National Board of Review, pursuant to Article 401. Protests submitted after the last day of the championships shall be submitted directly to the National Board of Review.

Decisions of the meet referee regarding these protests may be appealed to the Technical Jury, whose decision must be made the day of the protest and shall be final.

The jury cannot adjudicate judgment decisions, which can only be considered by the Referee under Section 102.13.

.10 Scratch Procedures

- A Scratches prior to the seeding of heats shall be confirmed by properly filling out and depositing a scratch card in the scratch box, available at the general meeting prior to the first day's events and available at the pool for all subsequent days' events.
- B The scratch deadline for the first day's events shall be fifteen (15) minutes after the general meeting is adjourned. The scratch deadline for all subsequent days' events shall be thirty (30) minutes after the time established for the start of the finals sessions.
- C In all events where preliminary heats are necessary, after the heats have been seeded, any swimmer who fails to compete in an individual event heat in which such swimmer

entered and has not been scratched in accordance with sub-paragraphs A and B above will be barred from all further individual and relay events of that day. Additionally that swimmer shall not be seeded in any individual events on succeeding days unless that swimmer declares an intent to swim prior to the close of the scratch box for that day's events.

D Scratching from finals:

- (1) Any swimmer qualifying for a C, B or A (bonus and consolation final or) final race in an individual event who fails to compete in said final shall be barred from further competition for the remainder of the meet, except as noted in paragraph E. A declared false start under 102.14.5D or deliberate delay of meet under 102.14.7A is not permitted and will be regarded as a failure to compete.
- (2) In the event of withdrawal or barring of a swimmer from competition the Referee shall fill the C, B, or A (bonus and consolation final or) final, when possible, with the next qualified swimmer(s). First and second alternates shall be announced along with the final qualifiers. These alternates shall not be penalized if unavailable to compete in the finals.
- (3) Where C and B (bonus and consolation) finals have not been swum and a barring or withdrawal is known to the Referee, the Referee shall reseed the C, B and A (bonus final and consolation final and the) final, if necessary, to insert the alternate(s) in the appropriate lane(s), filling all lanes in the final.
- (4) If the C and B (bonus and consolation) finals have already been contested, the (championship) final shall be swum without reseeding for the empty lane(s).

E Exceptions for Failure to compete — No penalty shall apply for failure to withdraw or compete in an individual event if:

- (1) The Referee is notified in the event of illness or injury and accepts the proof thereof.
- (2) A swimmer qualifying for a C, B or A (bonus or consolation final or) final race based upon the results of the preliminaries notifies the Referee within thirty (30) minutes after announcement of the qualifiers for that race that they may not intend to compete and further declares their final intentions within thirty (30) minutes following their last individual preliminary event.
- (3) It is determined by the Referee that failure to compete is caused by circumstances beyond the control of the swimmer.

.11 Seeding

- A** Entrants in the 1000yd/800m and 1650yd/1500m freestyle must check in and confirm their intention to compete prior to the scratch deadline in order to be seeded. Seeded heat sheets shall be published at the conclusion of the finals the evening before, except that in the five-day format, seeded heat sheets for the 800m freestyle shall be published two hours prior to the scheduled starting time for that event. The swimmers shall be listed in the meet program in the order of submitted times, beginning with the fastest.
- B** Seeding individual events when using non-conforming and bonus times shall be as follows:

207.12

 - (3) Conforming bonus times, if permitted, will be arranged in time order after the times that meet the qualifying standards, in the precedence specified in (2) above.
 - (4) Non-conforming bonus times, if permitted, will be arranged in time order after the times that meet the qualifying standard and after conforming bonus times, in the precedence specified in (2) above.
 - (5) After arranging the times as provided above, the event will be seeded in normal fashion.
- .12 **Finals** — Except for the relay events, the 1000 and 1650-yard and 800 and 1500-meter freestyle events, there shall be C, B, and A (bonus, consolation and championship) final heats, with the consolation heats preceding the championship heat, in both short course and long course National Championships. The order of final heats for each meet shall be approved by the Program Operations Vice President.
- .13 **Scoring** — Except for Trials Class meets, scoring at the USA Swimming spring championships and National Championships shall be mandatory.
- A Foreign national teams will not be permitted in the USA Swimming spring championships. Foreign national teams entered in the National Championships will not be scored for team awards.
 - B Foreign swimmers may score points for a USA Swimming registered club at the USA Swimming spring championships, but must be a member of that club. PART THREE

RIGHTS, PRIVILEGES, CODE OF CONDUCT

ARTICLE 301 MEMBER RIGHTS

301.1 Except as provided in 301.2, no individual or organizational member of USA Swimming, nor any organization affiliated with USA Swimming, may deny or threaten to deny any eligible amateur swimmer, coach, trainer, manager, official or administrator the opportunity to participate in any international swimming competition approved by USA Swimming, if selected by USA Swimming or one of its members. In addition, except as provided in 301.2, no individual or organizational member of USA Swimming, nor any organization affiliated with USA Swimming, may censor or otherwise penalize subsequent to the event any swimmer, coach, trainer, manager, official or administrator for having participated in any such international swimming competition approved by USA Swimming.

301.2 An educational institution which a swimmer is attending at the time of such international competition may deny the swimmer the opportunity to participate only if said educational institution reasonably determines that such participation would either:

1. Prevent the swimmer from meeting the academic requirements which are applicable to all students who participate in the swimmer's particular course of study.
2. Jeopardize the swimmer's or the educational institution's performance in the established program in the particular sport in which the swimmer competes, provided that the international competition occurs during the scheduled competitive season of the educational institution.

301.3 Any swimmer, coach, trainer, manager, official or administrator who alleges that he or she has been denied or is about to be denied, by a person or an organization affiliated with USA Swimming, a right as set forth in 301.1, shall immediately inform the Executive Director, who shall promptly cause an investigation to be made and steps to be taken to settle the controversy without unnecessary delay. Such steps shall include, but shall not be limited to, advising the Secretary General of the U.S. Olympic Committee, and submitting the matter to the American Arbitration Association for binding arbitration.

301.4 Whenever a swimmer, or party acting on his/her behalf, informs the Executive Director of an alleged violation of the swimmer's right to participation as set forth in 301.1, the Executive Director shall review all the related evidence of the case and make a report, with a preliminary recommendation, to the National Board of Review within thirty (30) days, or sooner if the situation requires. The Board of Review shall review the case and the preliminary recommendation of the Executive Director and take whatever action it deems appropriate. Any of the parties involved in the action who are dissatisfied with the decision of the National Board of Review may appeal said decision under the provisions set forth in 408.1.

ARTICLE 302 ATHLETE REGISTRATION

302.1 REGISTRATION — All swimmers competing in events sanctioned by USA Swimming must be registered as athlete members of USA Swimming. Athlete members must meet the rules of eligibility contained in Article 303. No swimmer alleged to be ineligible shall be denied the right to register and compete without being afforded the opportunity to refute the allegations relating to his/her possible ineligibility, pursuant to Parts Four and/or Six.

302.2 MEMBERSHIP — Athlete membership will consist of an annual membership, an outreach membership, a seasonal membership, or a single-meet open water membership.

- .1 Annual membership — Membership is for a calendar year. Non-members applying for membership on or after September 1 will be issued a membership card valid through December 31 of the following year.
- .2 Outreach membership — Annual Membership with specially-reduced fees.
- .3 Individual seasonal membership — At the option of the LSC, membership may be offered for one or two periods of not more than 150 days per period within a registration year. Seasonal membership may also be offered for an unspecified but continuous period of not more than 150 days commencing on the date of registration. Seasonal membership is not valid for competition at or above the Zone Championship level.
- .4 Single-Meet Open Water Membership – At the option of the LSC, membership may be offered for the specific date(s) of an open water competition(s). The athlete must compete unattached. Single-meet membership is not valid for competition at or above the Zone Championship meet.

302.3 APPLICATION/RENEWAL — Athlete membership applications and payment as set forth in 502.5 shall be submitted to the registration chair of the LSC who, upon approval, shall issue a membership card. The registration chair may designate deputy registrars to accept applications on behalf of the chair and forward for approval.

302.4 FALSE REGISTRATION — A host LSC may impose a fine of up to \$100.00 per event against a member coach or a member club submitting a meet entry which indicates a swimmer is registered with USA Swimming when that swimmer or the listed club is not properly registered. The host LSC will be entitled to any fines imposed.

ARTICLE 303 ELIGIBILITY

303.1 It shall be the responsibility of all USA Swimming members to comply with the rules and regulations of USA Swimming and the Rules, Constitution and Bureau decisions of FINA, as well as to avoid acting in any manner which brings disrepute upon USA Swimming or upon the sport of swimming.

303.2 Except as provided for in Section 203.9, only athlete members of USA Swimming are eligible to compete.

303.3 As a member National Governing Body of the United States Olympic Committee (USOC), and as a member Federation of Federation Internationale de Natation Amateur (FINA), USA Swimming is obligated to adhere to the anti-doping rules of the USOC and FINA. In addition, USOC Bylaw Chapter XXIII, Section 2(G) provides that, as a condition of membership in the USOC, each National Governing body shall comply with the procedures pertaining to drug testing and adjudication of related doping offenses of the independent anti-doping organization designated by the USOC to conduct drug testing. The USOC has designated the United States Anti-Doping Agency ("USADA") as that organization. The current anti-doping rules of the USOC, FINA and USADA are available at the offices of USA Swimming or on line at the following websites:

FINA	www.fina.org
USOC	www.usoc.org
USADA	www.usantidoping.org

As a condition of membership in USA Swimming, it is the responsibility of each athlete member of USA Swimming to comply with the anti-doping rules of the FINA, USOC and USADA and to submit, without reservation or condition, to in-competition and out-of-competition doping controls conducted by either the FINA or USADA. (Out-of-competition doping controls by USADA may take place at USA Swimming elite-level camps, training sessions at USOC facilities, or with no advance notice any time for athletes designated by USA Swimming and USADA for inclusion in USA Swimming's no advance notice testing pool.)

Pursuant to USOC Bylaw Chapter XXIII, Section 2(G), the management of positive and elevated test results for USA Swimming athletes has become the responsibility of USADA. Any inconsistent provisions elsewhere in USA Swimming rules are hereby superseded. USA Swimming will, without further process, enforce and publish any sanction communicated to USA Swimming by USADA resulting from adjudication of a doping control under the USADA Protocol for Olympic Movement Testing.

303.4 A swimmer shall cease to be eligible to compete in events conducted by USA Swimming or its LSCs, or by any FINA Federation, while under suspension or if expelled by USA Swimming for violations of this Part Three.

303.5 A swimmer may be registered for USA Swimming and Masters Swimming at the same time. Membership in U.S. Masters Swimming does not imply or presume membership in USA Swimming.

303.6 A swimmer declared ineligible for any reason may be reinstated pursuant to the provisions of Article 404.

ARTICLE 304 CODE OF CONDUCT

304.1 The mission of USA Swimming is to encourage participation and the pursuit of excellence in all aspects of swimming. USA Swimming grants the privilege of membership to individuals and organizations committed to that mission. The privilege of membership may, therefore, be withdrawn or denied by USA Swimming at any time where USA Swimming determines that a member or prospective member's conduct is inconsistent with the mission of the organization or the best interest of the sport and those who participate in it.

In order to assist all members to better serve the interests of those who participate in swimming, USA Swimming has adopted this Code of Conduct.

304.2 Any member or prospective member of USA Swimming may be denied membership, censured, placed on probation, suspended for a definite or indefinite period of time with or without terms of probation, fined or expelled from USA Swimming if such member violates the provisions of the USA Swimming Code of Conduct, set forth in 304.3, or aids, abets or encourages another person to violate any of the provisions of the USA Swimming Code of Conduct.

304.3 The following shall be considered violations of the USA Swimming Code of Conduct:

- .1 Violation of the right to compete provisions set forth in 301.1 through 301.4.
- .2 Violation of the anti-doping provisions set forth in 303.3 or 303.4.
- .3 Discrimination in violation of Part Five of the USA Swimming Corporate Bylaws or any other section of the USA Swimming Rules and Regulations, or in violation of Section 201(b)(6) of the Amateur Sports Act which requires that USA Swimming must provide: "an equal opportunity to amateur athletes; coaches, trainers, managers, administrators, and officials to participate in amateur athletic competition, without discrimination on the basis of race, color, religion, age, gender, or national origin";
- .4 Conviction of, imposition of a deferred sentence for, or any plea of guilty or no contest at any time, past or present, or the existence of any pending charges, for (i) any felony, (ii) any offense involving use, possession, distribution or intent to distribute illegal drugs or substances, or (iii) any crime involving sexual misconduct;
- .5 Any sexual contact or advance or other inappropriate sexually oriented behavior or action directed towards an athlete by a coach, official, trainer, or other person who, in the context of swimming, is in a position of authority over that athlete;
- .6 The sale or distribution of illegal drugs or the illegal sale or distribution of any substance listed on FINA's recognized list of banned substances;
- .7 The use of illegal drugs in the presence of an athlete, by a coach, official, trainer of, or a person who, in the context of swimming, is in a position of authority over, that athlete;
- .8 The providing of alcohol to an athlete by a coach, official, trainer, manager or any other person where the athlete is under the legal age allowed to consume or purchase alcohol in the state where the alcohol is provided;
- .9 The abuse of alcohol in the presence of an athlete under the age of 18, by a coach, official, trainer of, or a person who, in the context of swimming, is in a position of authority over, that athlete;

- .10 Physical abuse of an athlete by any person who, in the context of swimming, is in a position of authority over that athlete;
- .11 Any act of fraud, deception or dishonesty in connection with any USA Swimming-related activity.
- .12 Any non-consensual physical contact, obscene language or gesture, or other threatening language or conduct directed towards any meet official and which is related to any decision made by such official in connection with a USA Swimming-sanctioned competition;
- .13 Action, other than through general advertising, by a coach, owner, officer, volunteer, representative, or employee of a swim club, or a USA Swimming or LSC employee, either through direct contact with an athlete or the encouragement of others, to recruit or otherwise encourage an athlete who is already a member of a USA Swimming member swim club to compete for or become a member of the swim club with which the acting party is affiliated, unless the acting party receives prior written approval to recruit or encourage the athlete from the coach of the athlete's existing USA Swimming-member swim club or contact is initiated by the athlete, the athlete's parent or authorized representative. General advertising includes any information that is:
 - A Distributed to an identifiable general population where there is a reasonable expectation that the majority of that population are not current members of USA Swimming, or
 - B Placed in or on any item that is sold.
- .14 Violation of any team misconduct rule as established by the USOC, USA Swimming, any Zone or LSC team authority;
- .15 Any other act, conduct or omission not provided for in 304.3.1 through 304.3.11 above, which is detrimental to the image or reputation of USA Swimming, a LSC or the sport of swimming.

PART FOUR

ARTICLE 401 GENERAL

401.1 As hereinafter set forth, USA Swimming may censure, place on probation, suspend for a definite or indefinite period of time with or without terms of probation, fine, or expel any member of USA Swimming, including any athlete, coach, manager, official, member of any committee, or any person participating in any capacity whatsoever in the affairs of USA Swimming, who has violated any of its rules or regulations, or who aids, abets, and encourages another to violate any of its rules or regulations, or who has acted in a manner which brings disrepute upon USA Swimming or upon the sport of swimming. USA Swimming may also conduct hearings on any matter affecting USA Swimming as the national governing body for swimming.

ARTICLE 402 NATIONAL BOARD OF REVIEW

402.1 The Chairman of the National Board of Review shall be appointed by the President and confirmed by the Executive Committee. A committee, consisting of the President, the General Counsel and the Chairman of the National Board of Review shall appoint other members of the National Board of Review. The term of the Chairman shall be two years with no limit on the number of terms the Chairman may serve. Each case submitted to the National Board of Review shall be assigned by the Chairman of the National Board of Review to a panel of no less than three members, one of whom shall be an athlete representative, to hear and decide the case. The appointment of the members of each National Board of Review panel hearing a case shall be confirmed by the President and the General Counsel.

ARTICLE 403 JURISDICTION

403.1 JURISDICTION OF THE LSC – In matters involving a member or members of only one LSC, matters arising in regional or zone competition and any complaint alleging violations of Articles 304.3.11 through 304.3.15 inclusive of the USA Swimming Code of Conduct involving one or more members or prospective members of one LSC, and not brought by USA Swimming, shall be filed directly with the LSC. The procedures and rules to be followed for hearing shall be as set forth under the LSC Board of Review provisions in the LSC Bylaws. Any appeal of the LSC Board of Review's decision shall be made to the National Board of Review pursuant to Article 407 hereof.

403.2

403.2 JURISDICTION OF USA SWIMMING

- .1 **Original and Exclusive Jurisdiction** – The National Board of Review has original and exclusive jurisdiction to hear:
 - A Any complaint where athletes or other members of USA Swimming from more than one LSC are involved; or
 - B Any complaint involving athletes or other members during a national or international event; or
 - C Any complaint under Articles 304.3.1 through 304.3.10 against any member of USA Swimming, including any athlete, coach, manager, official, member of any committee, or any person participating in any capacity whatsoever in the affairs of USA Swimming; or
 - D Any complaint initiated by USA Swimming, which shall be prosecuted by and may be appealed by the Executive Director.
- .2 **Discretionary Jurisdiction** –
 - A Upon a majority vote of the USA Swimming Board of Directors or the USA Swimming Executive Committee, the USA Swimming National Board of Review may be assigned exclusive and immediate jurisdiction at any stage of any matter within the purview of this Article 403 when the best interests of USA Swimming will be served thereby, or when compliance with regular USA Swimming or LSC procedures would not be likely to produce a sufficiently early decision to do justice to the affected parties.
 - B If discretionary jurisdiction is so assigned, the National Board of Review shall comply in every instance with all requirements of procedural due process as set forth in these Rules and Regulations. The National Board of Review may set such procedural time limitations as it may deem necessary in order to reach a decision, which will do justice to the affected parties under particular circumstances.
 - C In all cases, where USA Swimming is not a party, the National Board of Review may assess fees and costs against any party.

ARTICLE 404 AUTHORITY OF THE BOARDS OF REVIEW

404.1 The LSC Board of Review shall have the authority set forth in the Bylaws of the LSC and the USA Swimming Rules and Regulations.

404.2 The National Board of Review shall have the authority to:

- .7 Issue such interim orders, prohibitory or mandatory in nature, as may be necessary pending a final decision of the Board; and
- .8 Reinstatement any athlete to amateur status. (Note: This relates only to USA Swimming domestic competition and NOT international competition. It must be read in light of current FINA rules on re-qualification.)

ARTICLE 405

PROCEDURES FOR FILING AND INVESTIGATION OF COMPLAINTS

405.1 FILING COMPLAINTS – All complaints under Article 403.2.1 A through D above shall set forth the allegations and be filed with the Executive Director of USA Swimming, who shall promptly initiate an investigation of the matter as set forth below.

405.2 INVESTIGATION OF COMPLAINTS

- .1 In those matters occurring during the course of an international meet the Olympic International Operations Committee Coordinator or his/her designee shall make the investigation and report;

Either the President or Chairman of the National Board of Review may then decide to assign the matter to the National Board of Review for hearing or jointly decide to dismiss the complaint.

405.4 EMERGENCY HEARING - After the initial investigation, depending on the severity of the alleged misconduct, the President may order an emergency hearing before the National Board of Review to determine if the member should be suspended pending the outcome of a full hearing before the National Board of Review. If an emergency hearing is ordered, the National Board of Review shall conduct the hearing and publish its results within twenty-one (21) days. Until such time as the National Board of Review makes a decision all proceedings shall be confidential and not subject to disclosure to anyone other than the parties to the review and witnesses.

 - B Matters heard by the National Board of Review on appeal from an LSC Board of Review, other than any matter included in 408.1.1a, shall be heard only upon the granting of a petition from a real party in interest. Unless a majority of the President, General Counsel and the Athlete's Vice President (or their respective designees) shall determine, based upon the record below, that an appeal will have sufficient merit and be of such general application as to justify an appeal to the Board of Directors, the petition shall be denied and the matter shall be final, with no further appeal allowed.

- .3 The Petition shall set forth the grounds for appeal, citing factual and legal issues in as much detail as possible.

The Board of Directors, or its authorized representative, may establish a hearing panel consisting of at least five members to hear any appeal, including appeals conducted as *de novo* hearings. ARTICLE 510 AMENDMENTS

510.1 Authority to Amend and Majority Required The Rules and Regulations may be altered, amended or repealed at an annual meeting of the USA Swimming House of Delegates as follows, except that the Rules & Regulations Committee may alter, amend or repeal any portion of Part One at any time to conform to the rules of the Federation Internationale de Natation Amateur (FINA):

- .1 Parts One, Two, Three, Four, Six and Seven: by a majority of the House members present and voting.
- .2 Part Five: by two-thirds (2/3) of the House members present and voting.

Note: See 510.5 for late submitted legislation.

510.2 Amendments Proposed

- .1 **By Whom Proposed** — An amendment to the USA Swimming Rules and Regulations may be proposed only by an LSC, a duly constituted committee, a member of the USA Swimming House of Delegates as identified in Article 507, the Board of Directors, the National Board of Review, or any Allied or Affiliate Group Member.
- .2 **Form Required** — Every proposed amendment to the USA Swimming Rules and Regulations shall be in such form as to show the entire section as it will read if adopted, with any changes in existing language single underlined if new and lined out (struck through) if deleted. Each amendment shall be accompanied by a concise, but informative rationale for adoption and for the proposed effective date. In addition, the name address and telephone number of the proposer must be included (if the proposer is an entity, the name, address and telephone number of an authorized spokesperson with authority to agree to changes in the proposed amendment).

Recommendations under this Article may be for or against adoption, a statement of no recommendation, or a recommendation to commit the proposal to a USA Swimming Officer or another USA Swimming Committee or the proposer for further consideration. Each recommendation for rejection shall include a concise but informative rationale for the recommendation.

510.4 Changes to Amendments Amendments A proposed amendment may be modified in any manner by the House of Delegates while under consideration, but such modification must be germane to the subject matter of the proposed amendment (which does not require the nine-tenths (9/10) vote as provided in 510.5). If more than one amendment has been proposed on the same subject matter, and there are substantive differences between such amendments, the House of Delegates may adopt a compromise of substance as well as form, and if the adoption of an amendment as proposed or amended or comprised is inconsistent or in conflict with other parts of the Rules and Regulations, the House of Delegates may adopt conforming amendments appropriate to the case.

510.5 Late Submission and Majority Required After the deadline has expired for submission of legislation to the Rules & Regulations Committee, new and/or additional amendments may be proposed, but they may be adopted only by an affirmative vote of nine-tenths (9/10) of the members of the House of Delegates present and voting.

The USA Swimming House of Delegates has approved a model set of LSC Bylaws, which each LSC, within the flexibility granted in these Bylaws, is required to adopt. The USA Swimming House of Delegates retains its authority over these Bylaws, including, in accordance with Article 510, the right to amend.

The model LSC Bylaws are available from the USA Swimming National Office. Bylaws of individual LSCs are available directly from the LSC or the USA Swimming National Office.

Note: It is intended that the LSC shall continue to have the status of an organization which is exempt from federal income taxation under section 501(c)(3) of the Internal Revenue Code and to which contributions, bequests and gifts are deductible for federal income, estate and gift tax purposes under sections 170(c)(2), 2055(a)(2) and 2522(a)(2) thereof, respectively. The bylaws shall be construed and all powers and activities of the LSC shall be limited accordingly. Notwithstanding any provision of these bylaws, the LSC shall not carry on any activities not permitted to be carried on by an organization having such status. If incorporated, the Articles of Incorporation of the LSC shall also effect the purposes of this clause.

REDISTRICTING PROCEDURES

- .1 **Change in LSC Club Affiliation.** If a club wishes to change from one LSC to another LSC which is contiguous and where no other club geographically intervenes, and if by two-thirds (2/3) vote the House of Delegates of each LSC approves, such transfer shall be effective ninety (90) days after receipt of written notice by the national headquarters. Club approval of change in affiliation shall be a majority vote of its General Membership at a regular club meeting or at a special meeting called for that purpose; the vote is to be duly certified by the club's president.
- .2 **Change in LSC Territory.** If two-thirds (2/3) of the number of clubs in a contiguous area within an LSC wish to affiliate with a neighboring and contiguous LSC, and should the House of Delegates of each LSC by a two-thirds (2/3) vote of those members present and voting in a regular or special meeting of each, or by mail vote by a majority of those members of each House of Delegates eligible to vote, approve the change, the change in territorial jurisdiction shall include all clubs in the area and shall become effective at commencement of the next succeeding fiscal year of USA Swimming. Club approval of change in affiliation shall be a majority vote of its General Membership at a regular club meeting or at a special meeting called for that purpose; the vote is to be duly certified by the club's president.
- .3 **Formation of a new LSC.** If two thirds (2/3) of the number of clubs in a contiguous area within an LSC wish to form a new and independent LSC, and should the House of Delegates of the LSC, by a two-thirds (2/3) vote of those members present and voting in a regular or special meeting or by mail vote by a majority of those members eligible to vote, approve the change, the proposed formation of the new LSC shall be submitted to the Chairman of the Rules & Regulations Committee. Such request must be received by the chairman prior to April 1. The committee shall make a recommendation to the House of Delegates at the next annual meeting for its approval or disapproval. Should approval be granted, the formation of the new LSC shall become effective at the commencement of the month following the meeting or October 1, whichever is earlier. Club approval of change in affiliation shall be a majority vote of its General Membership at a regular club meeting or at a special meeting called for that purpose; the vote is to be duly certified by the club's president.

Should approval be granted, the formation of the new LSC shall become effective at commencement of the next succeeding fiscal year of USA Swimming. The change shall include all clubs in the specified contiguous area. At the time of the effective date the net assets of the old LSC (after payment of or provision for all debts) shall be divided with the new LSC in ratio to the number of registered athletes in each LSC territory as of August 31 of the preceding calendar year.

During the period of time between that when the new LSC is approved by the House of Delegates and January 1 of the following year, the President shall appoint a governing ad hoc committee of no less than seven (7) members from among USA Swimming members of the new LSC, including one athlete and one coach, to be charged with the responsibility of (a)

notifying all clubs within the new LSC to elect at least one delegate and alternate to the new LSC House of Delegates; (b) scheduling and noticing in writing a meeting of the new LSC House of Delegates as soon as conveniently possible after January 1; (c) providing an agenda for the first meeting to permit the orderly election of officers and directors, adoption of Bylaws, appointment of committees and their respective chairmen; and (d) attending to such other matters as may be necessary to permit the new LSC to become a fully functioning administrative unit of USA Swimming.

- .4 **Change in Zone Affiliation.** If an LSC by a two-thirds (2/3) vote of those members present and voting at a regular or special meeting of the House of Delegates or by mail vote of a majority of those members eligible to vote, approves a change moving the LSC from one Zone to another, that change shall become effective at the close of the next USA Swimming annual meeting unless that change is rejected by either of the two Zones involved.
- .5 **Change in Regional Alignment.** If an LSC, by a two-thirds (2/3) vote of those members present and voting at a regular or special meeting of the LSC House of Delegates or by a mail vote of the majority of those members eligible to vote, approves a change moving the LSC from one region to another region contiguous to the LSC, that change shall become effective at the close of the next USA Swimming annual meeting upon approval of a majority of the USA Swimming House of Delegates present and voting.
- .6 **Review.** Should the House of Delegates of any LSC mentioned in subsections (1), (2), or (3), or any Zone mentioned in subsection (4), or a region mentioned in subsection (5), disapprove the proposed changes, the proponents must submit the matter to the Rules & Regulations Committee. Such appeal must be at least one hundred (100) days prior to the next regular or special meeting of the USA Swimming House of Delegates.

Submission to the Committee shall be in writing; shall contain the name of the proponent(s), the name(s) of the club(s) involved, a record of vote(s) taken at any level certified in writing by an appropriate officer; and shall contain a summary of the rationale for the proposed change(s).

The Committee shall study the matter and hold a public hearing thereon at the time of the next annual meeting of the USA Swimming House of Delegates. The Committee shall then make recommendations to the House for its final determination.

Note: Redistricting procedures are the responsibility of the Rules & Regulations Committee.

PART SEVEN

OPEN WATER SWIMMING

USA Swimming Rules and Regulations apply to open water competition, unless specifically indicated otherwise in Part Seven. Swimmers, coaches, clubs, and local public entities should address safety considerations where events are held. Some safety provisions are contained in the USA Swimming Open Water Meet Directors Guidelines.

ARTICLE 701

CONDUCT AND OFFICIATING OF THE COMPETITION

701.1 EVENTS/MEETS

- .1 Recommended individual events are listed in 102.3. Additional event options are listed in the Open Water Meet Manager's Guide.
- .2 Wet-Suit Events - Meet directors may request permission from their LSCs to allow the use of wet-suits in any non-championship event. If approved, there shall be separate classification for wet-suit swimmers which shall be clearly stated in the meet information and on the accompanying entry form. Swimmers using wet-suits shall be scored separately from swimmers competing without wet-suits.
- .3 Team Events
 - A Team events may be conducted concurrently with individual events, with the results achieved in the individual event used to compute the team scoring.
 - B A team event shall be contested on a total time or distance basis. Clubs may enter any number of three- or four-swimmer teams. The aggregate time or distance of the top three swimmers on each team shall be used to determine the team's time or distance. Mixed-gender teams shall be composed of not more than two males and two females.
 - C The team whose top three swimmers have the lowest cumulative time or the greatest cumulative distance shall be the winning team. Subsequent places shall be determined on the cumulative time/distance basis. If two or more teams have identical times or distances, a tie shall be declared.
- .4 Internet Distance Challenge
 - A A National Internet Distance Challenge shall be conducted annually. Except for .4C(4) below, swims must take place between September 1 and August 1.
 - B Times submitted from a 25-meter course shall be converted and integrated with yard times.
 - C Events
 - (1) Age-Group in 25-yard/meter pools -- Swim own age in following distances: 9,10-year-olds-1000 yards/800 meters; 11,12-year-olds-2000 yards/1600 meters; 13,14,15,16,17,18-year-olds-3000 yards/2400 meters;
 - (2) Senior --5000 yards/4000 meters in 25 yard/meter pools;

701.1

- (3) One-Hour Swim for Distance (Age-Group and Senior) in 25 yard/meter pools;
- (4) Ten-Kilometer Swim (Age-Group starting with the 13-14 age group, and Senior) in 50 meter pools (may be contested anytime from April 16 of the current year through April 15 of the next year).

D Awards

- (1) Age-Group - First through sixth places;
- (2) Senior – First through tenth places;
- (3) Teams (Clubs) - First three places using 16-place scoring based on the composite score of any club's individual members' scores;
- (4) With the concurrence of USA Swimming, meet hosts may offer additional awards and incentives.

701.2 RULES

- .1 All open water competitions shall be freestyle events.
- .2 If in the 4 mile race swum on a quarter mile straightaway the race is stopped before the two-mile point, it may be restarted. If the race is stopped after the two-mile point, the race results will be determined by the time and place at the last completed half-mile point.
- .3 In long-distance pool events over three miles, it is permissible for a swimmer to leave the water for brief periods because of pool safety and health considerations. When re-entering the water the swimmer shall resume the event commencing with the last completed length, using an in-water start with a push off the wall. A dive entry is not permitted.
- .4 The Start
 - A Events may be started either:
 - (1) In-water - competitors stand or tread water in a depth sufficient for them to commence swimming on the start signal; or
 - (2) From the Beach - contestants line up and run into the water from the shore on the Starter's signal.
 - B The start signal shall be both audible and visible.
 - C If, in the opinion of the Referee, an unfair advantage has been gained by someone at the start, the competitors shall be stopped and restarted.
 - D Prior to the start all escort boats shall be stationed so as to avoid interference with any competitor. If catching up to their swimmers from behind, the boats shall navigate in such a way as to avoid maneuvering through the field of swimmers.
- .5 The Finish – Where in-water finish apparatus is not available, an on-shore finish where contestants run from the water to a finish point is permitted.
- .6 Escort Craft
 - A Escort boats shall maintain a constant position at the sides of their swimmers and shall maneuver so as to avoid obstructing or placing themselves directly in front of another swimmer.

- B Each escort boat shall contain a race judge, a person of the swimmer's choosing, and the minimum crew required to operate the escort boat.

701.3 MARKING — Prior to the start, entrants shall be marked with their race numbers on both upper arms and their backs. Paddlers and escort boats for individual swimmers shall also be marked on both sides with the swimmer's race number so it is easily seen from either side.

701.4 SWIMWEAR

701.5 DISQUALIFICATIONS — A swimmer shall be disqualified for:

- .1 Willfully or intentionally delaying or impeding the progress of another swimmer. (Note: Incidental contact, especially at the start of the event, shall not be a basis for disqualification.);
- .2 Failing to swim or complete the prescribed course;
- .3 Receiving assistance by pulling on the cable, line markers or buoys;
- .4 Receiving propulsive aid from anyone in boats, on surf boards, etc;
- .5 Walking or pushing off the bottom or objects thereon. (Note: pushing off at the start or walking at the finish where an on-shore finish is employed are permitted.);
- .6 Violating the swimwear rules;
- .7 Receiving aid from a non-competing person in the form of pacing;
- .8 Failing to maintain clearance between himself/herself and other swimmers and/or escort craft except at starts, turns, finishes, or where course conditions do not permit suitable spacing. (Race judges shall instruct swimmers who are taking unfair advantage by pacing to move clear of other swimmers. Failure to comply shall result in disqualification.);
- .9 Taking an unfair advantage by slipstreaming an escort safety craft;
- .10 Actions of his/her escort craft or coach that interfere with another swimmer's progress or for failure of his/her craft or coach to heed the instruction of an assigned official; or
- .11 Receiving support from any fixed or floating object or touching or being touched by his/her escort craft or the crew. (Note: Standing on the bottom during the race shall not disqualify the swimmer. Giving food or liquid to a swimmer is permissible.)

UNITED STATES MASTERS SWIMMING

2006 TECHNICAL RULE DIFFERENCES

USMS follows USA Swimming's Technical Rules articles 101 and 102 with the following exceptions [USA-Swimming Reference in brackets]:

The U.S. Masters Swimming Rulebook is available at a cost of \$8.00 from the USMS National Office, P.O. Box 185, Londonderry, NH, 03053-0185.

MS 1. Starts, Strokes, and Relays

MS 1.1 Forward start.

The forward start may be taken from the starting block, the pool deck, or a push from the wall. The forward start or backstroke start shall be used for freestyle events. The starter's long whistle indicates that the swimmer must take their positions with at least one foot at the front of the platform or edge of the pool, or on the wall. The backstroke start may be used as the in-the-water start during freestyle events. [USA-S102.14.4]

MS 1.2 Butterfly.

The breaststroke or whip kick may be used exclusively or interchangeably with the butterfly kick at any time during the race. However, when the breaststroke or whip kick is used, the arms must be recovered over the top of the water with each breaststroke or whip kick, except after the last such kick before the turn or finish. After the start and after each turn, if the breaststroke or whip kick is used, only one breaststroke or whip kick is allowed prior to the arm pull that brings the swimmer to the surface. [USA-S 101.2.2 and 101.2.3]

MS 1.3 Relays.

Relay swimmers who cannot exit the water quickly enough to prevent interference with automatic officiating equipment may hold on to the lane line until all relays have finished, allowing them to exit the pool more slowly or via the ladders at the conclusion of the race. [USA-S 101.6.3E]

MS 2. Swimming Competition

MS 2.1 Personnel.

The minimum personnel at USMS sanctioned or recognized Masters swimming meets shall include the following: 1 Referee; 1 Starter; 2 stroke and turn judges; 2 timers per lane (if automatic timing is not being used)

The referee and starter may double as stroke and turn judges, but the referee and starter may not be the same person. The referee shall be certified as a stroke and turn judge, starter, or referee by a USMS-approved certifying body. [USA-S 102.12.3]

MS 2.2 Warm-up.

If there is no other warm-up/warm-down area available in pools of five lanes or more, one lane shall be set aside for warm-up/warm-down during the conduct of the meet. In pools of four or fewer lanes, swimmers shall be allowed to swim to the other end of the pool at the end of each heat and a warm-up/warm-down period must be offered at least once during each half-hour of competition. [None]

MS 2.3 Timed finals.

All Masters events held in meters pools (short course or long course) are conducted on a timed-final basis. Short course yards meets, except for national championships, MAY be conducted on a basis other than timed finals (e.g., trials/finals basis). If trials/finals are offered, competitors are limited to three individual events per day. [USA-S 102.2]

MS 2.4 Seeding.

MS 2.4.1 Age groups, genders, and events of the same distance 200 yards or longer may be combined so that no swimmer has to swim alone and lanes may be filled. [USA-S 102.1.3 and 102.8.2]

MS 2.4.2 Seeding at meets other than national championship meets may be either fast-to-slow or slow-to-fast. Seeding may differ for sprint and distance events. [USA-S 102.5.4A]

MS 2.5 Records.

MS 2.5.1 USMS records may only be established by USMS-registered swimmers in sanctioned or recognized competition. Because swimmers from different age groups and genders may compete in the same heat or event, winning the heat or event is not required to establish a record. [USA-S 104.2.1F]

MS 2.5.2 Relay lead-off split times will be considered for records or Top Ten times, provided the swimmers complete the event without being disqualified, and provided automatic timing is used. [USA-S 104.2.1E]

MS 2.5.3 If swimmers want their initial splits as part of a longer individual event to be submitted for records or Top Ten times, they must notify the referee, in writing, prior to the conclusion of the meet. However, for backstroke initial splits and relay lead-off legs to count, notification must be made prior to the swim so that officials may verify that a legal finish was performed at the initial distance and that for relays the second swimmer did not start in the water. [None]

MS 2.5.4 Required documentation for USMS records includes the referee's signature, as well as the printout from the automatic or semi-automatic (with three buttons) timing equipment, or the time card bearing times and signatures from three timers. [None]

MS 2.6 Scratch procedures. Swimmers or relay teams not reporting for or competing in an event are not penalized. [USA-S 102.3]

MS 2.7 Protests. Protests arising from competition shall be made within 30 minutes after the race in which the alleged infraction took place. If the protest is not resolved immediately, the protester shall at that time file a written protest with the chair of the Local Masters Swimming Committee (LMSC) or the chair's representative having jurisdiction over the event. If the LMSC does not satisfactorily resolve the protest within 10 days, the protester may appeal in writing to the USMS Rules Committee chair within the next 5 days for final adjudication, whose final decision shall then be binding on all parties. Protests concerning interpretation of the rules in Part 1: Swimming Rules and the Glossary shall be submitted in writing (on paper or in an electronic file), within 10 days to the USMS Rules Committee chair. [USA-S 102.11.5]

MS 2.8 Eligibility. The eligibility of a participant for a particular age group will be determined for all meters meets (both short course and long course) by the swimmer's age as of December 31 of the year of competition. For short course yards meets, eligibility will be determined by the swimmer's age as of the last day of the meet. Participation prior to an individual's 18th birthday is not permitted. [USA-S 205.2.2]
